TABLE OF CONTENT

COVER ..... **i**
APPROVAL PAGE ..... **ii**
STATEMENT OF ORIGINALITY ..... **iii**
PREFACE ..... **iv**
TABLE OF CONTENT ..... **vi**
LIST OF FIGURES ..... **viii**
LIST OF TABLES ..... **x**
LIST OF APPENDIXS ..... **xi**
ABSTRACT IN INDONESIA ..... **xii**
ABSTRACT IN ENGLISH ..... **xiii**
CHAPTER I **1**
A. Research Background 1
B. Research Problems 6
C. Research Objectives 7
D. Research Benefits 8
E. Scope of Research 8
CHAPTER II **10**
A. Plastics 10
B. Microplastics 12
C. Microplastics in Estuarine Ecosystems 16
D. Microplastic Bioaccumulation in Aquatic Species 18
E. Freshwater Eel (*Anguilla spp.*) 21
F. Histological Structure of Gills and Intestines in Fish Exposed to Microplastics 26
G. Segara Anakan Estuary as a Habitat for Freshwater Eels (A. *bicolor*) 31
CHAPTER III **34**
A. Theoretical Basis 34
B. Hypotheses 39
CHAPTER IV **40**
A. Location and Time of Research 40
B. Research Materials and Tools 43
1. Materials 43
2. Tools 43
C. Procedures 44
1. Application for Ethical Clearance 44
2. Survey and Selection of Sampling Location 44
3. Samples Collection 44
4. Dissection of Freshwater Eel Samples 45
5. Microplastics Extraction 46
6. Analysis of Microplastic Abundance and Characterization 47

7. Preparation of Histological Sections of Gill and Intestinal Tissues 48
8. Histological Analysis 50
D. Data Analysis 52
CHAPTER V 53
A. Microplastic Abundance in the Surface Waters of Segara Anakan 53
B. Microplastic Internalization in the Gills and Intestines of Eels 58
C. Association of Eel Body Size with Microplastic Abundance 66
D. Characteristics of Microplastics in Surface Water and Eel Samples 73
E. Histopathological Analysis of the Gill and Intestine of Eels 97
1. Gill Histological Analysis 98
2. Intestinal Histological Analysis 105
CHAPTER VI 115
A. Conclusion 115
B. Recommendations 117

LIST OF FIGURES

Figure 1. Shape of microplastics found in the environments..... 13
Figure 2. The chemical structure of several microplastic polymers..... 14
Figure 3. Mechanisms of microplastic transport in aquatic environments.... 19
Figure 4. The life cycle of the freshwater eel (*Anguilla* spp.) 23
Figure 5. The effects of microplastic exposure on the gill histology 28
Figure 6. The effect of microplastic fibers on the intestinal histological structure..... 30
Figure 7. Distribution of plastic debris abundance in Segara Anakan Estuary, Cilacap, Central Java 33
Figure 8. Illustration of the Measurement of the Distance Between the Dorsal Fin Origin and the Anus..... 41
Figure 9. Sampling map located in Segara Anakan Estuary, Cilacap Regency, Central Java Province. 42
Figure 10. Illustration of gill histomorphometric measurements 50
Figure 11. Illustration of intestinal histomorphometric measurements. 51
Figure 12. Microplastic abundance in surface water across sampling sites in the Segara Anakan Estuary, Cilacap, Central Java..... 54
Figure 13. Microplastic abundance in the gill and intestinal tissues of freshwater eels (A. *bicolor*) collected from the Segara Anakan Estuary, Cilacap, Central Java 59
Figure 14. Number of microplastic occurrences in gill and intestinal tissues. 60
Figure 15. Relative abundance (%) of microplastic particle size categories across sampling sites in the Segara Anakan Estuary, Cilacap, Central Java 75
Figure 16. Relative abundance (%) of microplastic particle size categories in surface water and freshwater eel tissues 77
Figure 17. Relative abundance (%) of microplastic particle shapes across sampling sites in the Segara Anakan Estuary, Cilacap, Central Java 82
Figure 18. Relative abundance of microplastic shapes in surface water and freshwater eel tissues 85
Figure 19. Representative microplastic particle shapes identified in surface water and eel tissue samples 86
Figure 20. Relative abundance (%) of microplastic particle color across sampling sites in the Segara Anakan Estuary, Cilacap, Central Java 89
Figure 21. Relative abundance of microplastic color in surface water and freshwater eel tissues 90
Figure 22. Representative microplastic particle color identified in surface water eel tissue samples 92

LIST OF APPENDIXS

Appendix 1. Ethical clearance approval 151
Appendix 2. Morphometric Measurements
and Organ Weights of Eel Gills and Intestines 152
Appendix 3. Microplastic Abundance in Surface Water
and the Gill and Intestinal Tissues of Freshwater Eels 154
Appendix 4. Relationship between Body Length
and Weignt and Microplastic Abundance in the Gill
and Intestinal Tissues of Freshwater Eels 159
Appendix 5. Characteristics of Microplastic Particles Identified
in Surface Water Samples and The Gill
and Intestinal Tissues of Freshwater Eels 164
Appendix 6. Histological Analysis of Gill Tissues 170
Appendix 7. Histological Analysis of Intestinal Tissues 205
