### **Intisari**

Penelitian ini bertujuan untuk menguji pengaruh keragaman *surface level*, keragaman *deep* dan keragaman fungsional terhadap inovasi. Penelitian ini juga bertujuan untuk menguji pengaruh moderasi kapabilitas kolaborasi pada keragaman *surface level*, keragaman *deep*, keragaman fungsional dan inovasi tim. Penelitian ini dilakukan pada 38 tim kreatif lembaga penyiaran radio dan televisi di Yogyakarta, Provinsi Daerah Istimewa Yogyakarta. Hasil temuan penelitian menunjukkan bahwa keragaman *surface level* berpengaruh negatif signifikan pada inovasi tim, Keragaman *deep level* berpengaruh negatif signifikan pada inovasi tim. Keragaman fungsional berpengaruh positif signifikan pada inovasi tim. Temuan penelitian juga menunjukkan bahwa kapabilitas kolaborasi memiliki pengaruh moderasi secara positif signifikan pada keragaman *surface level* dan inovasi tim. Namun, kapabilitas kolaborasi tidak signifikan memoderasi pada keragaman *deep* dan keragaman fungsional terhadap inovasi tim.

**Kata kunci:** Inovasi tim, kapabilitas kolaborasi, keragaman *surface level*, keragaman *deep level* dan keragaman fungsional.

### Abstract

This study aims to examine the effect of surface-level team diversity, deep-level team diversity and functional-level team diversity on team innovation. The study also aims to examine the effect of collaboration capability as a moderation on team innovation. This research was conducted on 38 creative teams of radio and television broadcasting institutions in Yogyakarta, Province of Yogyakarta. The results show that surface-level team diversity has a significant negative effect on team innovation. Deep-level team diversity has a significant negative effect on team innovation. Functional-level team diversity has a significant positive effect on team innovation. The study also shows that collaboration capability significantly and positively moderates the relationship between surface-level team diversity and innovation. However, the results indicated that there is no moderation effect of collaboration capability on the relationship between deep-level diversity and team innovation as well as the relationship between functional-level diversity and team innovation.

**Keywords:** team innovation, collaboration capability, surface-level team diversity, deep-level team diversity and functional-level team diversity.
