INTISARI

Nama geografi suatu wilayah administrasi pada peta memiliki makna tertentu yang dipengaruhi oleh hubungan antara manusia, bentanglahan, budaya lokal, sejarah, lingkungan dan politik di wilayah tersebut. Penelitian ini bertujuan untuk (1) inventarisasi nama geografi Kabupaten Boyolali berdasarkan Peta AMS dan peta RBI, (2) melakukan analisis spasial nama geografi terhadap aspek topografi di Kabupaten Boyolali, dan (3) membuat *Story Maps* Kabupaten Boyolali. Lokasi penelitian berada di Kabupaten Boyolali yang terdiri atas 22 Kecamatan dan 267 Desa. Metode penelitian yang dilakukan dalam penelitian ini yaitu metode kualitatif deskriptif dan analisis regresi sederhana dengan uji statistik chi kuadrat, serta dilakukan tahap survei lapangan dan studi pustaka.

Kesimpulan dari penelitian ini adalah (1) Pemetaan perubahan status nama geografi unsur administrasi Kabupaten Boyolali tahun 1944 dan tahun 2000 terdapat 3 jenis perubahan nama unsur administrasi desa, unsur administrasi yang mengalami jenis perubahan bahasa yaitu 3 desa, unsur administrasi yang mengalami jenis perubahan ejaan yaitu 126 desa, unsur administrasi yang mengalami jenis perubahan nama yaitu 30 desa dan 108 desa lainnya tidak mengalami perubahan. (2) Berdasarkan hasil uji statistik yang telah dilakukan dapat disimpulkan bahwa belum cukup bukti yang bisa menunjukkan adanya keterkaitan antara aspek topografi dengan aspek toponimi untuk nama administrasi di Kabupaten Boyolali. (3) Hasil dari visualisasi *story maps* penelitian toponimi Kabupaten Boyolali melalui survei dan diseminasi ditanggapi oleh 33 responden yang dapat disimpulkan bahwa tampilan *story maps* menarik, isi konten *story maps* bersifat cukup informatif dan tingkat pemahamannya mudah untuk dimengerti.
