

## TABLE OF CONTENTS

APPROVAL PAGE .....	ii
SURAT KETERANGAN PENGGANTI LEMBAR PENGESAHAN .....	iii
AUTHENTICITY STATEMENT .....	iv
ACKNOWLEDGMENT .....	vii
TABLE OF CONTENTS .....	viii
LIST OF TABLES .....	x
LIST OF FIGURES .....	xi
LIST OF APPENDICES .....	xii
ABSTRACT .....	xiii
INTISARI .....	xiv
INTRODUCTION .....	1
A. Background .....	1
B. Scope and Focus of Review .....	2
C. Problem Statement .....	2
D. Review Objective .....	2
E. Benefits of Review .....	3
LITERATURE REVIEW .....	4
A. Basic Theory .....	4
1. Dengue fever .....	4
2. Epidemiology of Dengue Hemorrhagic Fever .....	5
4. Vector Control .....	15
5. Malathion Insecticide .....	16
6. Insecticide Resistance .....	17
B. Conceptual Framework .....	18
RESEARCH METHODOLOGY .....	19
A. Database of Review .....	19
B. Keywords .....	19
C. Inclusion Criteria .....	19
D. Exclusion Criteria .....	19

E. Data Collection Analysis .....	20
F. Research Timetable .....	21
G. Ethical Issue.....	21
RESULTS AND DISCUSSION .....	22
A. The Resistance Status of <i>Aedes aegypti</i> Dengue Vector to Malathion .....	28
B. Results and Effectiveness of Using Malathion Insecticide as a VectorControl 32	
C. Mechanism of Resistance Caused by the Use of Malathion Insecticide .....	37
D. Solution to the Incidence of <i>Ae. aegypti</i> Dengue Vector DevelopingResistance to Malathion as a Result of Its Usage .....	40
CONCLUSION AND SUGGESTIONS .....	43
A. Conclusion .....	43
B. Suggestions.....	43
REFERENCES.....	45
APPENDICES .....	53
