Tujuan dari penelitian ini adalah (1) mengetahui dan menganalisis dampak Himbauan PP INI Nomor 65/33-III/PP-INI/2020 dan Himbauan Nomor 67/35-III/PP-INI/2020 tentang himbauan pencegahan penyebaran covid-19 terhadap pelaksanaan tugas jabatan Notaris di Kantor Notaris. (2) untuk mengetahui dan menganalisis tindakan penyesuaian Notaris di Tegal terhadap pelaksanaan kewajiban Notaris yang mengharuskan kehadiran/kedatangan para pihak sebagai dampak dari pandemi covid-19.

Penelitian tesis ini menggunakan metode penelitian hukum empiris yang menggunakan fakta-fakta empiris yang diambil dari perilaku manusia, baik perilaku verbal yang didapat dari wawancara maupun perilaku nyata yang dilakukan melalui pengamatan langsung. Penelitian ini menitikberatkan pada penelitian lapangan sehingga didapatkan data primer, lalu pengerjaannya didukung dengan data sekunder berupa studi kepustakaan. Data tersebut kemudian dianalisis secara kualitatif.

Berdasarkan hasil penelitian, terdapat 2 (dua) kesimpulan, yaitu (1) Himbauan PP INI Nomor 65/33-III/PP-INI/2020 dan Himbauan Nomor 67/35-III/PP-INI/2020 tentang himbauan pencegahan penyebaran covid-19 memberikan dampak positif dan negatif terhadap pelaksanaan tugas jabatan Notaris selama masa pandemi covid-19. Himbauan ini memberikan dampak positif di bidang kesehatan karena tujuan dikeluarkannya himbauan ini adalah untuk menekan laju perkembangan covid-19. Himbauan ini menganjurkan Notaris menerapkan protokol kesehatan pencegahan penyebaran covid-19 Di kantor Notaris dan membatasi kegiatan baik di kantor Notaris maupun di luar kantor Notaris. Pembatasan tersebut menyebabkan penurunan kegiatan yang memberikan dampak negatif di bidang ekonomi, yaitu penurunan pendapatan akibat penurunan jumlah pekerjaan Notaris. Pembatasan tersebut juga mengurangi waktu ketersediaan Notaris di kantor Notaris selama masa pandemi covid-19. Meski begitu, himbauan ini merupakan bentuk perlindungan yang diberikan oleh Ikatan Notaris Indonesia kepada Notaris sebagai anggota organisasi selama masa pandemi covid-19. (2) Tindakan penyesuaian Notaris di Tegal terhadap pelaksanaan kewajiban Notaris yang mengharuskan kehadiran/kedatangan para pihak sebagai dampak dari pandemi covid-19 antara lain adalah menerapkan protokol kesehatan di Kantor Notaris, melakukan penyesuaian jam operasional kantor, dan melakukan penjadwalan ulang untuk melakukan pertemuan dengan pihak yang berkepentingan hingga kondisi memungkinkan berdasarkan kesepakatan bersama. Selama masa pandemi covid-19 Notaris menjadikan himbauan ini sebagai acuan dalam menjalankan tugas jabatan Notaris karena meskipun himbauan ini berisikan penyesuaian berupa pembatasan kegiatan Notaris, himbauan ini juga memberikan alternatif untuk memaksimalkan pelaksanaan tugas jabatan Notaris selama masa

***ABSTRACT***

The purposes of this study are (1) to identify and analyze the impact of the The Central Management of Indonesian Notary Association Number 65/33-III/PP-UNI/2020 and the Appeal Number 67/35-III/PP-UNI/2020 regarding to prevent the spread of covid-19 on the implementation the duties of a Notary in the Notary Office. (2) to find out and analyze the adjustment actions of the Notary in Tegal to the implementation of the Notary's obligations which require the presence/arrival of the parties as a result of the covid-19 pandemic.

This thesis research uses empirical legal research methods that use empirical facts taken from human behavior, both verbal behaviors obtained from interviews and real behavior through direct observation. This research focuses on field research so that primary data is obtained, then the process is supported by secondary data in the form of library research. The data is then analyzed qualitatively.

Based on the results of the study, there are 2 (two) conclusions, they are (1) the Appeal of The Central Management of Indonesian Notary Association Number 65/33-III/PP-UNI/2020 and the Appeal Number 67/35-III/PP-UNI/2020 regarding preventing the spread of COVID-19 has a positive and negative impact on the implementation of the duties of a Notary during the covid-19 pandemic. This appeal has a positive impact in the health sector because the purpose of this appeal is to suppress the rate of development of COVID-19. This appeal recommends The Notaries to apply health protocols to prevent the spread of covid-19 at the Notary's office and limit activities both in the Notary's office and outside. These restrictions lead to a decrease in activities that have a negative impact on the economy; it is a decrease in income due to a decrease in the number of notary jobs. These restrictions also reduce the time of the availability of Notaries at the Notary's office during the covid-19 pandemic. However, this appeal is a form of protection provided by the Indonesian Notary Association to Notaries as members of the organization during the covid-19 pandemic. (2) The adjustment actions of Notaries in Tegal to the implementation of the Notary's obligations that require the presence/arrival of the parties as a result of the covid-19 pandemic include implementing health protocols at the Notary's Office, adjusting office operational hours, and rescheduling to hold meetings with the interested parties until the conditions allow based on mutual agreement. During the covid-19 pandemic, Notaries make this appeal as a reference in carrying out the duties of a Notary position because, although this appeal contains adjustments in the form of restrictions on Notary activities, this appeal also provides an alternative to maximize the implementation of the Notary's duties during the covid-19 pandemic issued by the Indonesia Notary Association as an organization that accommodates Notaries.
