

## TABLE OF CONTENTS

COVER PAGE.....	i
TITLE PAGE .....	ii
APPROVAL SHEET .....	iii
AUTHENTICITY STATEMENT .....	iv
DEDICATION .....	v
ACKNOWLEDGMENTS .....	vi
TABLE OF CONTENTS .....	vi
LIST OF TABLES .....	viii
LIST OF FIGURES.....	ix
LIST OF APPENDICES .....	x
ABSTRACT.....	xi
CHAPTER I.....	1
INTRODUCTION.....	1
A. Background.....	1
B. Statement of the Problem .....	3
C. Objectives.....	3
D. Benefit of Research.....	4
E. Literature Review .....	4
1. Tea.....	4
2. Element .....	10
3. Sample Destruction .....	17
4. Flame Atomic Absorption Spectroscopy (F-AAS) .....	21
5. Method Validation.....	33
F. Theoretical Basis.....	40
G. Hypothesis .....	41
CHAPTER II.....	42
RESEARCH METHODOLOGY .....	42
A. Materials and Equipment .....	42
1. Sample Collection .....	42

2. Reagents and Standards .....	42
3. Equipment and Instrumentation .....	42
B. Elemental Analysis .....	43
1. Preparation of Standard Solution .....	43
2. Sample Digestion .....	44
3. Element Determination by F-AAS .....	45
4. Method Validation.....	45
C. Data Analysis.....	47
1. Method Validation.....	47
2. Statistical Analysis .....	49
D. Research Design .....	50
1. Research Location .....	50
2. Research Variable .....	50
3. Research Scheme.....	51
CHAPTER III .....	52
RESULTS AND DISCUSSION .....	52
A. Method Validation .....	52
1. Linearity.....	52
2. Precision .....	54
3. Accuracy .....	56
4. Limit of Detection (LOD) and Limit of Quantification (LOQ) .....	57
B. Element Concentration in Tea .....	58
C. Geographical Origin Comparison.....	60
CHAPTER IV .....	65
CONCLUSION AND SUGGESTION.....	65
A. Conclusion.....	65
B. Suggestion .....	65
REFERENCES.....	66
APPENDICES .....	72
