

## DAFTAR ISI

|  |     |
|--|-----|
| HALAMAN JUDUL.....                                 | i   |
| PERNYATAAN BEBAS PLAGIARISME.....                  | ii  |
| KATA PENGANTAR .....                               | iv  |
| DAFTAR TABEL.....                                  | ix  |
| DAFTAR GAMBAR .....                                | x   |
| DAFTAR LAMBANG DAN SINGKATAN .....                 | xii |
| INTISARI.....                                      | xiv |
| ABSTRACT.....                                      | xv  |
| BAB I PENDAHULUAN.....                             | 1   |
| I.1. Latar Belakang.....                           | 1   |
| I.2. Rumusan Masalah.....                          | 2   |
| I.3. Batasan Masalah .....                         | 2   |
| I.4. Tujuan Penelitian .....                       | 3   |
| I.5. Manfaat Penelitian .....                      | 3   |
| BAB II TINJAUAN PUSTAKA.....                       | 4   |
| II.1. Sintesis HKUST-1 .....                       | 4   |
| II.2. Interaksi Radiasi Gamma dengan HKUST-1 ..... | 6   |
| II.3. Fenomena <i>Annealing</i> pada Material..... | 7   |
| BAB III DASAR TEORI .....                          | 10  |
| III.1. Metal-Organic Framework.....                | 10  |
| III.2. HKUST-1 .....                               | 12  |
| III.2.1. Karakteristik HKUST-1 .....               | 13  |
| III.2.2. Sintesis HKUST-1.....                     | 17  |
| III.3. Kristal dan Amorf .....                     | 18  |
| III.3.1. Struktur Kristal.....                     | 19  |
| III.3.2. Amorfisasi .....                          | 22  |
| III.3.3. Derajat Kristalinitas .....               | 23  |
| III.4. Zat Radioaktif.....                         | 24  |
| III.5. Radiasi Gamma .....                         | 25  |

|   |    |
|---|----|
| III.5.1. Interaksi Radiasi Gamma dengan Materi .....        | 25 |
| III.5.2. Dampak Radiasi Gamma terhadap Materi Kristal ..... | 26 |
| III.6. Karakterisasi Material .....                         | 28 |
| III.6.1. <i>Scanning Electron Microscopy</i> (SEM) .....    | 28 |
| III.6.2. <i>X-Ray Diffraction</i> (XRD) .....               | 30 |
| III.6.3. Analisis Adsorpsi Material Berpori .....           | 31 |
| BAB IV PELAKSANAAN PENELITIAN .....                         | 34 |
| IV.1. Waktu dan Tempat Pelaksanaan Penelitian .....         | 34 |
| IV.2. Alat dan Bahan Penelitian .....                       | 34 |
| IV.2.1. Alat .....  | 34 |
| IV.2.2. Bahan .....   | 36 |
| IV.3. Variabel Eksperimen .....                             | 36 |
| IV.4. Tata Laksana Penelitian .....                         | 37 |
| IV.4.1. Sintesis Sampel HKUST-1 .....                       | 37 |
| IV.4.2. Iradiasi Sampel HKUST-1 .....                       | 40 |
| IV.4.3. Karakterisasi Sampel HKUST-1 Pasca Iradiasi .....   | 41 |
| IV.4.4. Analisis Data .....                                 | 42 |
| BAB V HASIL DAN PEMBAHASAN .....                            | 43 |
| V.1. Produk Hasil Sintesis .....                            | 43 |
| V.2. Hasil Uji SEM .....                                    | 43 |
| V.3. Hasil Uji XRD .....                                    | 48 |
| V.4. Hasil Uji Adsorpsi Isotermal .....                     | 51 |
| BAB VI KESIMPULAN DAN SARAN .....                           | 56 |
| VI.1. Kesimpulan .....                                      | 56 |
| VI.2. Saran .....   | 57 |
