

Table of Contents

Cover	1
Approval	2
Abstract	3
Intisari	4
Acknowledgement	6
Table of Contents	7
List of Figures	10
List of Tables	15
INTRODUCTION	16
1.1. Research Context	16
1.2. Lombok Island	21
1.2.1. Geographic and Geologic Setting of Lombok	21
1.2.2. Volcanic Arc of Lombok	23
1.3. Problems and Research Questions	24
1.4. Objectives and Thesis Outline	28
STATE OF THE ART	30
2.1. Literature Review	30
2.1.1. Impacts of Volcanic Eruptions	30
2.1.2. Topography Reconstruction	38
2.1.3. Volcanic Eruptions in Historical Sources	40
2.2. Research Framework	43
2.2.1. Far-reaching DAD in Lombok	44
2.2.2. Landscape Evolution of the Mataram Plain	46
2.2.3. Social Impacts and Human Response to the 1257 CE Eruption of Samalas	48
GENERAL METHODOLOGY	50
3.1. Area of Interest	50
3.2. Data Requirement and Acquisition	51
3.3. Data Analysis	57
3.4. Conclusion	60
THE KALIBABAK DEBRIS AVALANCHE AT SAMALAS VOLCANO	61
Abstract	61
4.1. Introduction	62
4.2. Geological Setting	64
4.3. Methodology	66
4.3.1. Morphological Identification	66
4.3.2. Lithology	67

4.3.3. Paleo-topographic Modeling	69
4.3.4. Metrics Calculation	70
4.3.5. Debris Avalanche Modeling	71
4.3.6. Radiocarbon Dating	72
4.4. Results	73
4.4.1. Morphological Characteristics	73
4.4.2. Structure of DAD	78
4.4.3. Paleo-topography	82
4.4.4. Metrics of the DAD	83
4.4.5. Modeling of the Debris Avalanche Flow	85
4.4.6. Age of Debris Avalanche	87
4.5. Discussion	89
4.5.1. Gigantic Debris Avalanche in Indonesia	89
4.5.2. Triggering Mechanism	89
4.5.3. Emplacement Dynamics	91
4.5.3. Landscape Evolution	95
4.6. Conclusion	96
EVOLUTION OF THE MATARAM PLAIN FOLLOWING THE 1257 CE SAMALAS ERUPTION	97
Abstract	97
5.1. Introduction	97
5.2. The Mataram Plain	101
5.3. Methodology	103
5.3.1. Data Acquisition	103
5.3.2. Data Processing	106
5.4. Results	110
5.4.1. Stratigraphy and Depositional Processes of the Mataram Plain	110
5.4.2. ERT cross-section	116
5.4.3. Paleo-topographic reconstruction	119
5.5. Discussion	124
5.6. Conclusion	132
THE 1257 CE CATAclysmic ERUPTION OF SAMALAS VOLCANO REVEALED BY INDIGENOUS WRITTEN SOURCES	133
Abstract	133
6.1. Introduction	134
6.2. Methods	136
6.2.1. Characteristics of Babad from Lombok	136
6.2.2. Exegesis of written sources	139
6.2.3. Linking written sources and field evidence	141
6.3. Results	142

6.3.1. Ancient kingdoms and settlements in Lombok	142
6.3.2. Narrative of the 1257 CE Samalas eruption in the written sources	146
6.3.3. Impacts of the eruption and societal responses	147
6.3.4. Long-term post-eruptive recovery	153
6.4. Discussion	155
6.4.1. Limitations and relevance of the texts	155
6.4.2. The <i>babad</i> indicate the location of early kingdoms	157
6.4.3. Valuable sources for reconstructing the human response to a large-scale eruption	159
6.4.4 Useful information for volcanic disaster recovery	160
6.5. Conclusion	163
CONCLUDING REMARKS	165
7.1. Conclusions	165
7.2. Limitations and Perspectives	168
