ABSTRACT	xi
INTISARI	xii
I. INTRODUCTION	
I.A. Problem Justification	1
I.B. Originality	2
I.C. Research Question	5
I.D. Objective of The Study	5
I.E. Significance of The Study	6
II. LITERATURE REVIEW	
II.A Theoretical Approach	1
II.A.1. The Treatment of Soil-Transmitted Helminths	7
II.A.2. Knowledge, Attitude and Practice Study on Helminth Infection ...	8
II.A.3. Shoe-wearing	10
II.A.4. Health Promotion and the Practice of Health Behavior	11
II.A.5. Factors Influencing the Practice of Health Behavior Due to Helminth Infection	12
II.A.6. Health Communication, Culture and Behavior Change	13
II.A.7. Behavior Modification and Cognitive Approaches To Prevention	13
II.A.8. Educational Approach	14
II.A.9. The Theories of Reasoned Action and Planned Behaviour	14
II.A.10. Participatory Research	16
II.A.11. Feature of Home Care	16
II.A.12. Description of Parent Participation Intervention Hypothesis	17
II.B. Conceptual Framework	18
II.C. Hypothesis	20
III. RESEARCH METHODOLOGY	
III.A. Study Design	24
III.B. Population and Sample Size	24
III.B.1. Population	24
III.B.2. Inclusion and Exclusion Criteria	24

III.B.3. Sample Size	26
III.C Measurement	28
III.D. Statistical Analysis	29
III.E. Instrument of Data Collection	30
III.F. Material and Administration Test	30
III.F.1. Parasite Infection	30
III.F.2. Knowledge, Attitude and Practice for Parent and Children	30
III.G. School Characteristic	31
III.H. Study Implementation	31
III.H.1. Setting	31
III.I. Preparation	31
III.J. . Action of Data Collection	33
IV. RESULTS AND ANALYSIS	
IV.A. Study Site	34
IV.B. Baseline Data of worm infestation	34
IV.C. Re-infection Analysis	36
IV.D. Knowledge, Attitude and Practice Analysis.....	37
IV.D.1. Correlation between intervention and knowledge on post test	37
IV.D.2. Correlation between intervention and attitude on post test.....	38
IV.D.3. Correlation between intervention and practice on post test.....	38
IV.D.4. Correlation between intervention and re-infestation.....	38
IV.D.5. Correlation between delta score of children's knowledge and attitude with re-infestation of all kind of worm.....	39
IV.E. Monitoring Analysis	42
IV.F. Reliability of I.E.C. Tools (Module).....	50
IV.G. The effect of I.E.C. on the Personal Health and Environmental Health Modification	52
V. CONCLUSION AND SUGGESTION	
V.A. Conclusion	53
V.B. Suggestion	57
REFERENCES	58
APPENDIX	

LIST OF TABLES

TABLE	TITLE	PAGE
1.	Percentage of knowledge of student and parent on worm types and the intensity of infection.....	8
2.	Percentage of student and parent who understand the sign of worm infection	9
3.	Percentage of children and parent about knowledge of transmission and prevention of worm infection	10
4.	Measurement outcome scale	29
5.	Quasi Experiment Design	33
6.	Prevalence of infected children in 2 sub-districts area in Sragen.....	35
7.	Prevalence of re-infection	36
8.	Determinant of intervention.....	38
9.	Determinant of re-infestation	39
10.	Crosstab of Knowledge, Attitude and Practice	41
11.	Level of Mother's feeling about family health.....	43
12.	Level of Mother's feeling on the danger of worm infestation.....	43
13.	Level of family health condition according to mothers.....	43
14.	Level of mother's convince in improving family health.....	44
15.	Children health care behavior.....	44
16.	Level of mother's feeling about family health (based on the Observation on intervention group).....	45
17.	Correlation between mothers' self assessments based on difference in gender and Hb level.....	48
18.	Correlation between the increase in children's behavior based on re-infestation	49
19.	Correlation between mother's assessment based on the Re-infestation	50
20.	Assessment of information providing after controlling Intervention group	52

LIST OF FIGURES

FIGURE	TITLE	PAGE
1.	Combination of Rosentstock's Health Belief Model and Ajzen's Planned Model	16
2.	Percentage of Parents' education level.....	36
3.	Total score of monitoring on Parent Participation Group	42

LIST OF APPENDICES

1. **Map of Sragen**
2. **Training Module**
3. **Ladder-snake game**
4. **K.A.P Questionnaire for Children**
5. **K.A.P Questionnaire for Parents Children**
6. **Invitation & Letter for Training**
7. **Monitoring Card**
8. **Kato-Katz Technique**
9. **Inform Consent**
