

DAFTAR ISI

DAFTAR ISI.....	i
ABSTRAK.....	ii
ABSTRACT.....	iii
I. Introduction	1
II. Theoretical framework	4
2.1. Multi-Level Perspective	4
2.2. Niches.....	4
2.3. Socio-technical Regime.....	5
2.4. Socio-technical landscape	5
2.5. Successful Transition & Window of Opportunity	6
2.6. Ideological Debate and Critics of MLP.....	7
2.7. Discourse Analysis	7
2.8. Think Tank and Think20	9
III. Methodology	11
3.1. Data Sources.....	11
3.2. Review Procedures.....	12
3.3. Coding.....	12
IV. Energy Transition and Think20: An MLP Approach	13
4.1.1 Socio-Technical Regime	13
4.1.2 Socio-Technical Landscape.....	14
4.1.3. Niche	16
4.1.4 Storylines 1 : Energy Transition as a Solution for Sustainable Economic Growth.....	17
4.1.5 Storylines 2: G20 and its Pivotal Role in Steering the Global Energy Transition Architecture.....	18
4.1.6. Storyline 3: Energy Transition as a Part of Technological Transition.....	20
4.1.7 Storyline 4: Fair Transition to Ensure a Just Energy Transition	21
4.1.8 Narrative Structure and Narrative Influence on G20	23
V. Discussion	24
VI. Conclusion	27
VII. References	28
