INTISARI

Penelitian ini bertujuan untuk mengetahui dan mengkaji problematika yang dihadapi Badan Pengawas Obat dan Makanan (BPOM) dalam penegakan hukum dan pencegahan tindak pidana peredaran gelap dan penyalahgunaan Obat-Obat Tertentu di kalangan anak. Penelitian ini juga bertujuan untuk mengetahui dan menganalisis upaya Badan Pengawas Obat dan Makanan (BPOM) dalam penanggulangan tindak pidana peredaran gelap dan penyalahgunaan Obat-Obat Tertentu di kalangan anak di masa mendatang

Penelitian ini adalah penelitian normatif-empiris dengan sifat deskriptif. Sumber data utama penelitian ini menggunakan data sekunder berupa data kepustakaan dan dilengkapi dengan data primer berupa hasil wawancara dengan narasumber dan responden. Hasil penelitian dianalisis secara kualitatif dan disajikan dengan metode deskriptif analitis dan preskriptif.

Berdasarkan hasil penelitian dan pembahasan dapat ditarik dua kesimpulan. Pertama, problematika yang dihadapi BPOM dalam penegakan hukum tindak pidana peredaran gelap dan penyalahgunaan Obat-Obat Tertentu di kalangan anak terkait regulasi, Sumber Daya Manusia (SDM), sarana prasarana serta kurangnya kepatuhan hukum masyarakat sedangkan problematika dalam upaya pencegahan meliputi perubahan pola peredaran gelap dan jenis Obat-Obat Tertentu yang sering disalahgunakan, disharmonisasi regulasi, keterbatasan kewenangan dalam tugas pengawasan serta kurangnya tingkat *awareness* dan pemahaman masyarakat. Kedua, Upaya BPOM dalam penanggulangan tindak pidana peredaran gelap dan penyalahgunaan Obat-Obat Tertentu di kalangan anak di masa mendatang melalui sarana penal dilakukan dengan perkuatan dan revisi peraturan perundang-undangan, penerapan pasal Tindak Pidana Pencucian Uang (TPPU), peningkatan kerjasama dan koordinasi PPNS BPOM dengan POLRI dan Kejaksaan serta Peningkatan Kompetensi Ahli BPOM sedangkan upaya melalui sarana non penal dilakukan dengan mengubah penggolongan Obat-Obat Tertentu menjadi golongan narkotika/psikotropika, melakukan audit komprehensif terhadap sarana produksi/distribusi Obat-Obat Tertentu, menggalakkan kegiatan KIE (Komunikasi, Informasi dan Edukasi) kepada Target Potensial.
