Abstract.

The government of D.I. Yogyakarta has issued the pioneering Regional Regulation Number 1 of 2022 regarding Pancasila Education and National Insight. This is due to Indonesian society's fading understanding of Pancasila values, which has caused an increase in the number of cases of violations of Pancasila values. This study is using qualitative research methodologies. The primary data collection method is interviews, and the secondary data is from government videos, academic drafts, books, journals, and newspapers. The research findings reveal that Pancasila values were incorporated throughout the formulation of Regional Regulation Number 1 of 2022 on Pancasila Education and National Insight, from the planning and drafting stages to the discussions and enactment stages.

Keywords: *Policy Formulation, Regional Regulations, Pancasila Education and National Insight*
