

Table of Contents

Acknowledgment.....	i
Table of Contents.....	iv
List of Tables.....	viii
List of Figures.....	ix
Intisari.....	xi
Abstract.....	xii
Chapter I: Introduction.....	1
1.1. Background.....	1
1.2. Problem Statement.....	4
1.3. Objectives.....	5
Chapter II: Literature Review.....	7
2.1. Fungal Mycelium.....	7
2.1.1. <i>Lentinus squarrosulus</i>	9
2.2. Liquid Medium Cultivation.....	10
2.2.1. Potato Dextrose Broth (Control).....	12
2.2.2. Synthetic and Organic-Based Nutrients Sourced Medium.....	13
2.2.3. Honey-Based Carbon Source Medium.....	15
2.2.4. Glucose Syrup-Based Carbon Source Medium.....	15
2.3. Pure Mycelium Based Materials.....	15
2.4. Plasticizers.....	17
2.4.1. Glycerol.....	19
2.5. Preliminary Test.....	22

2.5.1. Preliminary Test Part 1 (Liquid Medium Trial).....	22
2.5.2. Preliminary Test Part 2 (Total Growing Period and Characteristic of The Mycelium).....	26
Chapter III: Materials & Methods.....	30
3.1. Materials.....	30
3.1.1. Raw Materials.....	30
3.1.2. Chemical.....	30
3.1.3. Equipment.....	30
3.2. Methods.....	31
3.2.1. Liquid Media Preparation.....	31
3.2.1.1. Potato Dextrose Broth (Control).....	31
3.2.1.2. Synthetic and Organic-Based Nutrients Sourced Medium.....	32
3.2.1.3. Honey-Based Carbon Source Medium.....	33
3.2.1.4. Glucose Syrup-Based Carbon Source Medium.....	34
3.2.2. Mycelium Cultivation and Incubation.....	35
3.2.2.1. Growth Rate Analysis of the Mycelium.....	36
3.2.2.2. Thickness Measurements of The Mycelium Cultivated in Different Liquid Medium.....	37
3.2.2.3. Mechanical Properties Testing from The Mycelium Cultivated in Different Liquid Medium.....	37
3.2.2.4. Color Properties Testing from The Mycelium Cultivated in Different Liquid Medium.....	38
3.2.2.5. Chemical Characteristic Analysis of The Mycelium Cultivated in Different Liquid Medium.....	38
3.2.3. Mycelium Based-Film Preparation.....	39

3.2.3.1. Control.....	39
3.2.3.2. Treated with Glycerol as Plasticizers and Undergo Hot-Pressing Treatment.....	39
3.2.3.3. Analysis of Mycelium Treated with Plasticizer and Hot-Pressing.....	41
3.2.3.3.1. Mechanical Properties Analysis.....	41
3.2.3.3.2. Water Contact Angle Analysis.....	41
3.2.3.3.3. Water Absorption Analysis.....	42
3.2.3.3.4. Chemical Characterization.....	42
3.2.3.3.5. Color Properties Testing.....	42
3.2.3.3.6. Morphological Analysis.....	43
3.3. Statistical Analysis.....	44
Chapter IV: Results & Discussion.....	45
4.1. Mycelium Cultivation in Liquid Medium.....	45
4.1.1. Growth Rate of The Mycelium Cultivated in Different Liquid Medium.....	45
4.1.2. Thickness of The Mycelium Cultivated in Different Liquid Medium.....	48
4.1.3. Mechanical Properties of The Mycelium Cultivated in Different Liquid Medium.....	51
4.1.4. Color Properties Testing of The Mycelium Cultivated in Different Liquid Medium.....	56
4.1.5. Chemical Characteristic Analysis of The Mycelium Cultivated in Different Liquid Medium.....	58
4.2. Plasticization Treatment Concentration and Hot-Pressing Treatment Impact on The Mycelium Based	62
4.2.1. Mechanical Properties of The Mycelium Based Film.....	62

4.2.2. Water Contact Angle of The Mycelium Based Film.....	66
4.2.3. Water Absorption of The Mycelium Based Film.....	69
4.2.4. Chemical Characterization of The Mycelium Based Film.....	73
4.2.5. Color Properties of The Mycelium Based Film.....	76
4.2.6. Morphology of The Mycelium Based Film.....	77
Chapter V: Conclusion.....	80
5.1. Conclusion.....	80
5.2. Suggestions.....	81
Reference.....	82
Appendix.....	85

List of Tables

Table 1. Liquid Media Composition for the Growth of <i>P. ostreatus</i>.....	13
Table 2. Growth Rate of The Mycelium Cultivated in Different Liquid Medium.....	46
Table 3. Thickness of The Mycelium Cultivated in Different Liquid Medium.....	49
Table 4. Mechanical Properties of The Mycelium Cultivated in Different Liquid Medium.....	53
Table 5. Color Measurement of The Mycelium Cultivated in Different Liquid Medium.....	56
Table 6. Mechanical Properties of The Hot-Pressed and Plasticized Mycelium.....	63
Table 7. Water Contact Angle of The Hot-Pressed and Plasticized Mycelium.....	67
Table 8. Water Absorption Percentage of The Hot-Pressed and Plasticized Mycelium After 24 Hours Immersion in Water.....	70
Table 9. Color Measurement of The Hot-Pressed and Plasticized Mycelium.....	76

List of Figures

Figure 1. Schematic representation of mycelium physiology at different scales.....	7
Figure 2. Hyphae of fungal mycelium.....	8
Figure 3. Chemical Structure of Glycerol.....	20
Figure 4. Preliminary Test of Mycelium Cultivation in Liquid Medium for 11 Days.....	23
Figure 5. Preliminary Test of Mycelium Cultivation in The Chosen Liquid Medium	26
Figure 6. Growth Rate of The Mycelium Cultivated in Different Liquid Medium.....	45
Figure 7. Thickness of The Mycelium Cultivated in Different Liquid Medium.....	48
Figure 8. Tensile Strength of The Mycelium Cultivated in Different Liquid Medium.....	52
Figure 9. Strain @ Break of The Mycelium Cultivated in Different Liquid Medium.....	52
Figure 10. Young's Modulus of The Mycelium Cultivated in Different Liquid Medium.....	53
Figure 11. Stress/Strain Curves of The Mycelium Cultivated in Different Liquid Medium.....	54
Figure 12. Appearance of The Mycelium Cultivated in Different Liquid Medium.....	56
Figure 13. FTIR Curves of The Mycelium Cultivated in Different Liquid Medium.....	59
Figure 14. Tensile Strength of The Hot-Pressed and Plasticized Mycelium.....	62
Figure 15. Strain @ Break of The Hot-Pressed and Plasticized Mycelium.....	63

Figure 16. Young's Modulus of The Hot-Pressed and Plasticized Mycelium.....	63
Figure 17. Stress/Strain Curves of The Hot-Pressed and Plasticized Mycelium.....	64
Figure 18. Water Contact Angle of The Hot-Pressed and Plasticized Mycelium.....	67
Figure 19. Water Contact Angle Analysis of The Hot-Pressed and Plasticized Mycelium.....	68
Figure 20. Water Absorption Percentage of The Hot-Pressed and Plasticized Mycelium After 24 Hours Immersion in Water.....	70
Figure 21. Water Absorption Percentage of The Hot-Pressed and Plasticized Mycelium at Different Time Points During a 24 Hours Immersion in Water.....	72
Figure 22. FTIR Curves of The Hot-Pressed and Plasticized Mycelium.....	73
Figure 23. SEM Micrographs of The Hot-Pressed and Plasticized Mycelium.....	77
