

INTISARI

Penelitian dilakukan untuk mengetahui pengaruh dua faktor yaitu persepsi kemanfaatan dan persepsi kemudahan terhadap sikap penggunaan Sistem Informasi Pemerintahan Daerah (SIPD) pada Pemerintah Kabupaten Sleman. Penelitian ini menggunakan pendekatan kuantitatif dengan total responden sebanyak 87 orang yang terdiri dari kepala subbagian keuangan, bendahara, dan pengelola keuangan di lingkungan Pemerintah Daerah Kabupaten Sleman. Data dikumpulkan menggunakan kuesioner dan dianalisis menggunakan metode Analisis Linear Berganda dengan aplikasi SPSS 29.0. Hasil penelitian menemukan bahwa persepsi kemanfaatan berpengaruh positif terhadap sikap penggunaan SIPD, persepsi kemudahan berpengaruh positif terhadap sikap penggunaan SIPD, serta persepsi kemanfaatan dan persepsi kemudahan berpengaruh positif terhadap sikap penggunaan SIPD pada Pemerintah Daerah Kabupaten Sleman.

Kata Kunci: Sistem Informasi Pemerintahan Daerah (SIPD), Persepsi Kemanfaatan, Persepsi Kemudahan, dan Sikap Penggunaan

ABSTRACT

The research was conducted to determine the influence of two factors, namely perceived usefulness and perceived ease of use on attitudes towards using the Regional Government Information System (SIPD) in the Sleman Regency Government. This research used a quantitative approach with a total of 87 respondents consisting of heads of finance sub-divisions, treasurers and financial managers within the Sleman Regency Regional Government. Data was collected using a questionnaire and analyzed using the Multiple Linear Analysis method with the SPSS 29.0 application. The research results found that perceived usefulness had a positive effect on attitudes towards using SIPD, perceived ease of use had a positive effect on attitudes towards using SIPD, and perceived usefulness and perceived ease of use had a positive effect on attitudes towards using SIPD in the Regional Government of Sleman Regency.
