| <b>LIST OF TABLES .....</b>         | <b>5</b>  |
| <b>ABSTRACT.....</b>                | <b>14</b> |
| <b>CHAPTER I .....</b>              | <b>18</b> |
| <b>INTRODUCTION.....</b>            | <b>18</b> |
| A. Background .....                 | 18        |
| B. Problem Formulation .....        | 20        |
| C. Research Objective .....         | 20        |
| 1. Primary Objective .....          | 20        |
| 2. Secondary Objective .....        | 20        |
| D. Research Authenticity .....      | 21        |
| E. Research Benefit .....           | 23        |
| <b>CHAPTER II.....</b>              | <b>19</b> |
| <b>LITERATURE REVIEW .....</b>      | <b>19</b> |
| A. Literature Review.....           | 19        |
| 1. Injury.....                      | 19        |
| 2. Trauma .....                     | 20        |
| B. Theoretical Framework .....      | 29        |
| C. Conceptual Framework .....       | 30        |

|                                                                                 |            |
|---------------------------------------------------------------------------------|------------|
| D. Hypothesis.....                                                              | 30         |
| <b>CHAPTER III .....</b>                                                        | <b>31</b>  |
| A. Research Design.....                                                         | 31         |
| B. Place and Time.....                                                          | 31         |
| C. Research Subject.....                                                        | 31         |
| D. Tools and Materials.....                                                     | 32         |
| E. Sample Size.....                                                             | 32         |
| F. Data Collection Method.....                                                  | 32         |
| G. Study Variables and Operational Definition.....                              | 33         |
| H. Cost.....                                                                    | 35         |
| I. Ethical Consideration.....                                                   | 35         |
| <b>CHAPTER IV.....</b>                                                          | <b>36</b>  |
| A. Result .....                                                                 | 36         |
| 1. Injury Pattern Based on Age .....                                            | 36         |
| 2. Injury Pattern Based on Gender .....                                         | 37         |
| 3. Injury Pattern Based on Level of Education .....                             | 38         |
| 4. Pattern of The Severity Based on Injury Location.....                        | 39         |
| 5. The Pattern of Location and Type of Injury Based on Accident Mechanism ..... | 51         |
| B. Discussion.....                                                              | 98         |
| 1. The Pattern of Injury Incidence Based on Age Distribution.....               | 98         |
| 2. The Pattern of Injury Incidences Based on Gender Distribution .....          | 98         |
| 3. Level of Education Distribution and Injury Incidence .....                   | 99         |
| 4. The Pattern of Injury Based on Injury Site and Severity .....                | 100        |
| 5. The Pattern of Location and Type of Injury Based on Accident Mechanism ..... | 101        |
| <b>CHAPTER V .....</b>                                                          | <b>104</b> |
| A. Conclusion .....                                                             | 104        |
| B. Recommendation .....                                                         | 104        |
| <b>REFERENCES.....</b>                                                          | <b>105</b> |
