

Table of Contents

Acknowledgements.....	1
Abstract.....	2
1. Introduction.....	5
1.1. Background Information and Motivation.....	5
1.2. Research Question and Novelty.....	6
1.3. Structure.....	7
2. Literature Review.....	7
2.1. Green Bond Issuance Effect.....	7
2.2. Stock Price Reaction to Green Bonds.....	8
2.3. ESG Score.....	9
2.4. Control Variables.....	10
2.5. Hypothesis.....	11
3. Data and Methodology.....	12
3.1. Data.....	12
3.2. Methodology.....	14
3.2.1. Independent Variable.....	14
3.2.2. Dependent Variables.....	14
3.2.3. Control Variables.....	15
3.2.4. Baseline Regression.....	16
3.2.5. Regression with Issuance and Regional Interaction Term.....	16
3.2.6. Robustness Test.....	17
3.3. Descriptive Statistics.....	18
4. Results.....	19
4.1. Diagnostic Tests.....	19
4.2. CARs Regression.....	19
4.3. BHARs Regression.....	21
4.4. ESG Score Regression.....	23
4.5. Robustness Test.....	24
5. Conclusion and Recommendations.....	27
5.1. Conclusion.....	27
5.2. Limitations and Recommendations.....	28
References.....	30
Appendices.....	33
Appendix A: Diagnostic Test Results.....	33
Appendix B: Pairwise Correlation Test.....	34
Appendix C: Complete Robustness Test for Short-Term CARs Results.....	35
Appendix D: Robustness Test for Long-Term BHARs Results.....	36
Appendix E: Robustness Test for ESG Score Results.....	37
