Laws, Government Regulations, Ministerial Regulations and others:

Presidential Regulation (Perpres) Number 79 of 2023 concerning Amendments to Presidential Regulation Number 55 of 2019 concerning the Acceleration of the Battery Electric Vehicle Program for Electric Transportation.

Presidential Regulation Number 55 of 2019: Acceleration of the Battery-Based Electric Vehicle Program for Road Transportation.

Presidential Instruction Number 7 of 2022, Usage of EV as Operational Service Vehicles and/or Individual Service Vehicles for Central and Regional Government Agencies.

Government Regulations Number 73 of 2019, Transitioning taxation criteria for vehicles based on exhaust emissions, benefiting electric cars.

Ministerial Regulation ESDM Number 1 of 2023, Expediting the Battery-Based Electric Motor Vehicle (KBL) program and defining necessary components for charging stations.

Ministerial Regulation Industry No. 21 of 2023, Expanding aid program for two-wheeled battery-based electric motorcycles.

Ministerial Regulation Industry No. 6 of 2023, Guidelines for Providing Government Assistance for the Purchase of Electric Motorized Vehicles Base on Two Wheeled Batteries.

Ministerial Regulation Treasury Number 38 of 2023, Value Added Tax on The Delivery of Certain Four-Wheel Battery-Based Electric Motor Vehicles and Certain Bus Battery-Based Electric Motor Vehicles To Be Borne By The Government For The 2023 Budget Year.

Ministerial Regulation Industry Number 6 of 2022, Specifications and development roadmap for battery-based electric motor vehicles.

Ministerial Regulation Transportation Number 15 of 2022, Extending regulations to convert non-motorcycle motorized vehicles with combustion motor drives.

Ministerial Regulation Home Affairs Number 8 of 2020, Defining Motor Vehicle Tax (PKB) for battery-based electric motorized vehicles with favorable taxation.

Ministerial Regulation ESDM Number 13 of 2020, Addressing Electric Charging Infrastructure for Battery-Based Electric Motorized Vehicles.

Ministerial Regulation Industry Industry Number 28 of 2020 concerning Battery-Based Electric Motorized Vehicles in a Fully Decomposed State and Incomplete Decomposed State,

Ministerial Regulation Transportation Number 45 of 2020, Guidelines and regulations for vehicles using electric motor drives, including electric scooters.

- Ministerial Regulation Transportation Number 65 of 2020, Regulating the conversion of conventional motorcycles to battery-based electric motorcycles.
- Decree of the Minister of Energy and Mineral Resources Number 182.K/TL.04/MEM.S/2023 concerning Fees for Electric Charging Services at Public Electric Vehicle Charging Stations.
- Government Regulation Number 74 of 2021 concerning Amendments to Government Regulation Number 73 of 2019 concerning Taxable Goods Classified as Luxury in the Form of Motor Vehicles Subject to Sales Tax on Luxury Goods
- Paris Agreement, FCCC/CP/2015/L.9/Rev.1" (PDF). UNFCCC secretariat. Archived (PDF) from the original on 12 December 2015.
