| <b>PREFACE .....</b>                                                                                | <b>iii</b> |
| <b>TABLE OF CONTENTS.....</b>                                                                       | <b>iv</b>  |
| <b>LIST OF FIGURES .....</b>                                                                        | <b>vii</b> |
| <b>LIST OF TABLES .....</b>                                                                         | <b>x</b>   |
| <b>INTISARI .....</b>                                                                               | <b>xi</b>  |
| <b>ABSTRACT .....</b>                                                                               | <b>xii</b> |
| <b>CHAPTER I INTRODUCTION.....</b>                                                                  | <b>1</b>   |
| 1.1. Research Background.....                                                                       | 1          |
| 1.2. Research Problem.....                                                                          | 3          |
| 1.3. Research Objective.....                                                                        | 3          |
| 1.4. Research Scope .....                                                                           | 3          |
| 1.5. Research Advantage.....                                                                        | 4          |
| <b>CHAPTER II LITERATURE REVIEW .....</b>                                                           | <b>5</b>   |
| <b>CHAPTER III BASIC THEORY .....</b>                                                               | <b>13</b>  |
| 3.1. Tourism .....                                                                                  | 13         |
| 3.2. Jumlah Kunjungan Wisatawan Mancanegara per Bulan ke Indonesia Menurut Pintu Masuk Dataset..... | 13         |
| 3.3. Long Short-Term Memory (LSTM) .....                                                            | 14         |
| 3.4. Auto Regressive Integrated Moving Average (ARIMA).....                                         | 16         |
| 3.5. Mean Absolute Percentage Error (MAPE) .....                                                    | 17         |
| 3.6. Autocorrelation Function (ACF).....                                                            | 17         |
| 3.7. Partial Autocorrelation Function (PACF) .....                                                  | 18         |
| 3.8. Dickey-Fuller Test .....                                                                       | 18         |
| 3.9. Akaike Information Criterion (AIC) .....                                                       | 18         |
| <b>CHAPTER IV RESEARCH METHODOLOGY .....</b>                                                        | <b>20</b>  |
| 4.1. Research Description .....                                                                     | 20         |
| 4.2. Tools and Materials.....                                                                       | 20         |

|                                                                        |           |
|------------------------------------------------------------------------|-----------|
| 4.3. Research Procedure .....                                          | 21        |
| 4.3.1. Literature Study .....                                          | 21        |
| 4.3.2. Data Acquisition .....                                          | 22        |
| 4.3.3. Data Preprocessing I .....                                      | 22        |
| 4.3.4. Data Preprocessing II .....                                     | 22        |
| 4.3.5. Train, Validation, Testing Data Splitting .....                 | 23        |
| 4.3.6. Forecasting Model .....                                         | 24        |
| 4.3.7. Evaluation .....                                                | 25        |
| <b>CHAPTER V IMPLEMENTATION .....</b>                                  | <b>26</b> |
| 5.1. Data Acquisition .....                                            | 26        |
| 5.2. Data Preprocessing .....                                          | 27        |
| 5.3. Long Short-Term Memory (LSTM) .....                               | 30        |
| 5.3.1. Data Preprocessing for LSTM .....                               | 30        |
| 5.3.2. Sequence Generation and Train, Validation, Test Splitting ..... | 32        |
| 5.3.3. Model Development .....                                         | 35        |
| 5.3.4. Fine Tuning LSTM .....                                          | 37        |
| 5.4. Auto Regressive Moving Average (ARIMA) .....                      | 40        |
| 5.4.1. Defining Hyperparameter .....                                   | 40        |
| 5.4.2. Model Development .....                                         | 41        |
| 5.4.3. Gridsearch Using AIC .....                                      | 44        |
| 5.4.4. Gridsearch Using MAPE .....                                     | 45        |
| <b>CHAPTER VI RESULT AND DISCUSSION .....</b>                          | <b>47</b> |
| 6.1. Model Summary .....                                               | 47        |
| 6.1.1. Long Short-Term Memory (LSTM) .....                             | 47        |
| 6.1.2. Auto Regressive Integrated Moving Average (ARIMA) .....         | 48        |
| 6.2. Model Evaluation .....                                            | 51        |

|                                     |           |
|-------------------------------------|-----------|
| 6.2.1. Data Characteristics .....   | 51        |
| 6.2.2. Additional Method .....      | 76        |
| 6.2.3. Execution Time .....         | 81        |
| <b>CHAPTER VII CONCLUSION .....</b> | <b>83</b> |
| 7.1. Conclusion .....               | 83        |
| 7.2. Future Works.....              | 85        |
