Approval	ii
CONTENTS	iii
EXHIBITS, TABLES and FIGURES	v
LIST OF ABBREVIATIONS	vii
STATEMENT OF AUTHENTICITY	viii
PERSONAL BACKGROUND AND ACKNOWLEDGMENT	ix
ABSTRACT	x
CHAPTER I. INTRODUCTION	
A. Background	1
B. Relevance	4
C. Problem Statement	5
D. Research Objective	6
E. Research Impact	6
F. Originality	7
CHAPTER II. LITERATURE REVIEW	
A. Literature Review	9
a) Active case finding and contact examination	9
b) Exposure and household contact	10
c) Post-Expose Prophylaxis treatment using SDR	10
d) Evidence on post-exposure prophylaxis treatment with SDR and cost effective	11
e) Implementation research	11
(1) Acceptability of chemoprophylaxis	12
(2) Attempts to define acceptability	12
B. Theoretical Framework	14
C. Conceptual Framework	15
D. Research Questions	15

CHAPTER III. RESEARCH METHODOLOGY

A.	Research Type and Design	16
B.	Research Setting and Time	18
C.	Descriptive Intervention	18
D.	Research Subject:	19
	1. Population	19
	2. Sample size	20
	3. Sampling technic	21
	4. Inclusion and exclusion criteria	21
E.	Identification of Research Variable	22
F.	Operational Definitions of Variables	22
G.	Data Collection Methods and Research Instrument	23
H.	Data Analysis	24
I.	Research Ethics	25
J.	Monitoring and Evaluation	25
K.	Research Process	26
L.	Research Team	26

CHAPTER IV. RESULT AND DISSCUSISION

I.	Overview	27
II.	Result	27
	A. General Characteristic	28
	B. Affective Attitude	30
	C. Perceived Effectiveness	36
	D. Burden	39
III.	Barrier and Enable Factor for Acceptability	41
IV.	Discussion	42

V. Strengths and Limitation of Study 52

CHAPTER V. CONCLUSION AND RECOMMENDATION

Conclusion	52
Recommendation	53
Reference	54
Appendix	57
Explanation Sheet to Prospective Respondents	57
Statement of Willing to be a Respondent	60
In-depth Interview Guide for Qualitative Samples	61
Mapping of Domain/Variables, Questions and Informants	62
Structure Questioner for Interview Quantitative Samples	77

EXHIBITS, TABLES and FIGURES,

	TABLES	page
Table 1	Originality	7
Table 2	Definitions of the component constructs in the Theoretical Framework of Acceptability	14
Table 3	Operational Definition of Research Variables	22
Table 4	Research Monitoring and Evaluation	25
Table 5	Research Team	26
Table 6	Categories and Acceptability of health provider to close contact screening and chemoprophylaxis with SDR	29
Table 7	Categories and perception about challenge in implementation chemoprophylaxis	42
Table 8	Enables factor to accept the intervention contact screening and chemoprophylaxis	45
Table 9	Mapping of Domain/Variables, Questions and Informants	61

FIGURES		page
Figure 1	Number of new leprosy cases by year (WHO/SEAR 2021)	3
Figure 2	Theoretical framework of Acceptability (Sekhon, Cartwright, Francis et al. 2017)	14
Figure 3	Conceptual framework adapted from Sekhon, Cartwright, Francis et al. 2017	15
Figure 4	Diagram of research methodology and process	17
Figure 5	Location of study site	18
Figure 6	Diagram of contact tracing and screening WHO guidance 2020	18
Figure 7	Diagram of post-exposure prophylaxis WHO guidance 2020	19
Figure 8	Demographic characteristic of participants (N=142)	28
Figure 9	Acceptability to intervention	31
Figure 10	Positive feeling to intervention	31
Figure 11	Intervention is fair to family member	33
Figure 12	Intervention correspond with preventive treatment	33
Figure 13	Knowledge about leprosy	34
Figure 14	Information regarding intervention	35
Figure 15	Intervention will improve clinic out come	37
Figure 16	Benefit of intervention	37
Figure 17	Intervention can prevent and stop the transmission	38
Figure 18	Intervention can stop complication of disease	39
Figure 19	Effort to engage intervention	41
Figure 20	Family support to participate intervention	41
