

TABLE OF CONTENTS

STATEMENT	iii
PREFACE	iv
ACKNOWLEDGEMENTS.....	vi
TABLE OF CONTENTS	viii
TABLE OF FIGURES	xi
LIST OF TABLES.....	xiii
LIST OF APPENDIX.....	xiv
ABSTRACT	xv
INTISARI	xvi
CHAPTER I	
INTRODUCTION.....	1
1.1 Background	1
1.2 Research Problems	3
1.3 Authenticity of Research.....	3
1.4 Benefit of Research.....	4
1.5 Objectives.....	5
CHAPTER II	
LITERATURE REVIEW.....	6
2.1 Literature Review.....	6
2.1.1 Microplastics	6
2.1.2 Low-Density Polyethylene (LDPE).....	8
2.1.3 Mangrove Ecosystems	11
2.1.4 Enzymatic Biodegradation of LDPE Microplastic	14
2.1.5 Alkane Monooxygenase, Cytochrome P450, and Glutathione Peroxidase Involved in the Biodegradation of LDPE Microplastics.....	18
2.2 Theoretical Foundations.....	22
2.3 Hypothesis.....	23

CHAPTER III

RESEARCH METHODOLOGY	25
3.1 Research Schedule and Location	25
3.2 Variables Used.....	25
3.3 Research Tools and Materials	25
3.4 Research Stages.....	27
3.4.1 Preparation of Microplastics	27
3.4.2 Bacterial Activity in LDPE Biodegradation Confirmation	27
3.4.3 Three Types of Microplastics Biodegradation by Isolates 8, 12.1, and 13.3 Experiment	29
3.4.4 Bacterial DNA Extraction	30
3.4.5 Plastisphere DNA Extraction.....	31
3.4.6 Polymerase Chain Reaction (PCR) of 16S rRNA Gene for Taxonomic Identification	32
3.4.7 Purification of PCR Products and Sequencing	33
3.4.8 Polymerase Chain Reaction (PCR) of Enzyme-Encoding Functional Genes Involved in LDPE Biodegradation.....	33
3.4.9 Quantitative PCR for Quantification of Copy Gene Number of Functional Genes Encoding Enzymes Involved in LDPE Biodegradation.....	34
3.4.10 FTIR Analysis of Plastic Samples.....	35
3.4.11 Total Crude Protein Extraction.....	35
3.4.12 Proteomics LC-HRMS Analysis for Enzyme Characterization	36
3.5 Data Analysis Method.....	37

CHAPTER IV

RESULTS AND DISCUSSION	38
4.1 Results	38
4.1.1 Individual Isolates' Ability in LDPE Biodegradation	38
4.1.2 Three Types of Microplastics Biodegradation Experiment Results.....	40
4.1.3 16S rRNA PCR Results.....	51
4.1.4 16S rRNA Sequencing and Taxonomic Identification of Isolate 8, 12.1, and 13.3.....	52

4.1.5 Functional Gene Detection Results	55
4.1.6 Quantitative PCR of Functional Gene Results.....	57
4.1.7 Total Protein Profiling Results	64
4.2 Discussion	67
CHAPTER V	
CONCLUSION.....	85
5.1 Conclusion	85
5.2 Recommendation.....	85
REFERENCES.....	87
APPENDIX	96
