| PERNYATAAN BEBAS PLAGIASI..... | ii |
| INTISARI..... | iii |
| ABSTRACT..... | iv |
| TABLE OF CONTENTS | v |
| LIST OF FIGURES..... | viii |
| LIST OF TABLE..... | ix |
| CHAPTER I INTRODUCTION | 1 |
| 1.1. Research Background | 1 |
| 1.2. Research Questions | 4 |
| 1.3. Research Objectives | 5 |
| 1.4. Research Contribution | 5 |
| 1.5. Research Scope | 6 |
| 1.5.1. Substance Limitation | 6 |
| 1.5.2. Location Restrictions | 7 |
| 1.5.3. Temporal Limitations | 7 |
| 1.6. Research Originality..... | 7 |
| 1.7. Research Writing System..... | 5 |
| CHAPTER II LITERATURE REVIEW | 7 |
| 2.1. Flood Risk Management | 7 |
| 2.1.1. Definitions and Concepts..... | 7 |
| 2.1.2. Best Strategy/Masurement/Assessment..... | 8 |
| 2.2. Disaster Resilience | 9 |
| 2.3. Governance Capacity | 10 |
| 2.3.1. Conceptualizing Governance Capacity..... | 10 |
| 2.3.2. Dimensions of Governance Capacity..... | 12 |
| 2.4. Relationship between Governance Capacity and Disaster Resilience..... | 17 |
| 2.4.1. Ecological and Engineering Perspectives of Resilience | 18 |
| 2.4.2. Adaptive Governance | 19 |
| 2.4.2.1. Adaptive Governance Principles | 19 |
| 2.4.2.2. Transformation Capability | 22 |
| 2.5. Assessing Governance Capacity in Flood Risk Reduction..... | 23 |

| | |
|---|----|
| 2.5.1. Methodologies for Assessing Governance Capacity (Discussing previous Study) 24 | |
| 2.5.2. Indicators and Metrics of Governance Capacity | 27 |
| 2.6. Conceptual Framework | 30 |
| CHAPTER III RESEARCH METHOD | 33 |
| 3.1. Research Approach | 33 |
| 3.2. Location and Time..... | 33 |
| 3.3. Observation Unit and Analysis Unit | 34 |
| 3.3.1. Observation Unit | 34 |
| 3.3.2. Analysis Unit | 34 |
| 3.4. Variables..... | 34 |
| 3.5. Population and Samples..... | 35 |
| 3.6. Research Tools/Instruments | 38 |
| 3.7. Data Collection Methods and Steps | 39 |
| 3.8. Analysis Method | 40 |
| 3.9. Stage of Research..... | 42 |
| CHAPTER IV RESEARCH LOCATION | 44 |
| 4.1. General Description of Pidie Regency | 44 |
| 4.2. Topography | 45 |
| 4.3. Climate and Rainfall Pattern..... | 45 |
| 4.4. Hidrology..... | 46 |
| 4.5. Institutional Landscape..... | 46 |
| CHAPTER V RESULT AND DISCUSSION | 48 |
| 5.1. Governance Capacity Assessment Result | 48 |
| 5.1.1. Intellectual Capacity..... | 50 |
| 5.1.1.1.Data and Research | 50 |
| 5.1.1.2.Technical Expertise..... | 52 |
| 5.1.1.3.Policy and Regulations | 54 |
| 5.1.1.4.Funding and Resources..... | 56 |
| 5.1.2. Social Capacity..... | 58 |
| 5.1.2.1.Stakeholders Involvement | 59 |
| 5.1.2.2.Collaboration and Coordination | 60 |
| 5.1.2.3.Public Awareness and Education | 62 |
| 5.1.2.4.Community Resilience | 63 |

| | |
|--|----|
| 5.2. Localized Strategies to Enhance Governance Capacity in Flood Risk Management | 64 |
| 5.2.1. Strengthening Intellectual Capacity | 65 |
| 5.2.2. Strengthening Social Capacity | 66 |
| 5.3. Discussion | 70 |
| 5.4. Research Limitations | 72 |
| CHAPTER VI CONCLUSION AND RECOMMENDATION | 75 |
| 6.1. Conclusion | 75 |
| 6.2. Recommendation | 76 |
| 6.2.1. Policy and Practice | 76 |
| 6.2.2. Future Research | 77 |
