1. INTRODUCTION	9
2. LITERATURE REVIEW	18
2.1 Theoretical Foundation	18
2.1.1 Contract Theory and Transaction Cost Economics	22
2.1.2 Discounted Utility vs Hyperbolic Utility	23
2.1.3 Unified Theory of Acceptance and Use of Technology (UTAUT)	24
2.1.4 Informal Finance	27
2.1.5 The Definitions of <i>Joki</i>	29
2.2 Empirical Evidence	30
2.2.1 Shadow Banking and Systematic Risk	30
2.2.2 Factors Influencing the Adoption of Digital Solution by Microfinance	35
2.2.3 Joki Online Lending	36
2.3 Overview of Indonesia Formal and Informal Financial Institution	37
2.4 Comparison of Microfinance and Fintech Institutions	41
2.5 Business Process of Online Lending and Their Distinction from Traditional Loans	54
2.5.1 Inclusion of Informal P2P Lending	54
2.5.2 Recognition of <i>Joki</i> Online Lending as Key Intermediaries	54
2.5.3 Extension of Behavioral and Institutional Analysis to Informal Contexts	54
3. DATA AND METHOD	54
3.1 Hypothesis	60
3.2 Data Processing and Analysis Stages	59
3.2.1 Factor Analysis and Validity Testing	60
3.2.2 Model Diagnostics	61
3.2.3 Multicollinearity and Model Stability Tests	61
3.2.4 Quantitative Model Limitations	61
3.3 Key Limitations of SUSENAS	62
3.3.1 Lack of Differentiation Between Formal and Informal Loans	62
3.3.2 Unobserved Heterogeneity in Borrower-Lender Interactions	62
3.3.3 Limited Insight into Social and Psychological Motivations	63
3.3.4 Inability to Capture Borrower Repayment Challenges and Loan Default	

3.3.5 Absence of Data on JOKI	64
3.4 Qualitative Method	68
3.4.1 Data Collection and Preparation	69
3.4.2 Data Coding with Nvivo	71
3.4.3 Content Analysis	72
4. RESULT AND DISCUSSIONS	73
4.1 Descriptive Statistics Borrower Loan Type	73
4.1.1 Institutional Weakness and Government Banking Constraint	78
4.1.2 Informal Financial Sector Barriers	80
4.1.3 Multiple Rejections and Systemic Credit Exclusion	80
4.1.4 Asymmetric Market Segmentation and Institution Duality	81
4.1.5 Demographic Factors and Online Lending Adoption	81
4.1.6 Financial Access and Online Lending Adoption	82
4.1.7 Digital Literacy and Online Lending Adoption	82
4.1.8 Geography and Financial Inclusion	83
4.1.9 Multidimensional Poverty and Online Lending Adoption	84
4.1.10 Employment and Online Lending Adoption	85
4.2 Quantitative Data nalysis using STATA	86
4.2.1 Factors Influencing Online Lending Usage	92
4.2.2 Regression Result Analysis	93
4.3 Qualitative Data Analysis using NVIVO	105
4.3.1 Overview of Borrower Behavior	107
4.3.1.1 Motivations	109
4.3.1.2 Borrower`s Aversion to Upfront Admin Fees & Scams	109
4.3.1.3 Borrower Concerns Data Security	111
4.3.1.4 Borrower Behavioral Dynamics in Repayment Schemes	111
4.3.1.5 Borrower Opportunistic Behavior due to Interconnected Lending Apps	113
4.3.2 Peer Warnings and Community Peer Monitoring	114
4.3.3 Overview of Lender Behavior	114
4.3.3.1 Motivations and Strategies	115
4.3.3.2 Lender-Side Mechanisms	115
4.3.3.3 Speed, Convenience, and Flexible Repay of Loan Instalment	116
4.3.3.4 The Lender`s Dilemma: From Adverse Selection to Moral Hazard	117
4.3.4 Debt Collector Behavior in Online Lending Platforms	118
4.3.4.1 Potential Transparent Dialogue in Certain Debt Collection	119
4.3.4.2 Debt Collector Fear Tactic	120

4.3.5 Overview of Joki and Intermediary Behavior	123
4.3.5.1 Joki Tactics	129
4.3.5.2 Joki Soft Selling Technique	132
4.3.5.3 Joki Predatory Adaptation	134
4.3.5.4 Joki False Legitimacy Claims	136
4.3.5.5 Joki Selective Client Acceptance and High Costs	139
4.3.5.6 Market Saturation, Competitive Pressure, & Consequences for Joki Services	139
4.3.6 Integrating Borrower, Lender, and Joki Behaviors into a Unified Model	140
4.3.6.1 Demand for Instant Processing and Simple Applications	141
4.3.6.2 Bounded Rationality and Opportunism	141
4.3.6.3 Misinformation (Hoax)	142
4.3.6.4 Mitigating Fraud and Reducing Costs	142
5. Conclusion and Recommendations	154
5.1 Summary of Key Findings	154
5.2 Research Implications	155
5.2.1 Responsible Borrowing in Financial Institutions and P2P Lending Platforms	155
5.2.2 Policy efforts must look beyond simply expanding digital credit supply	155
5.3 Suggestion for Further Research	156
5.3.1 Longitudinal Studies on Habitual Use and Engagement	156
5.3.2 Cultural and Regulatory Factors in Fintech Adoption	156
5.3.3 Comparative Analysis of Legal and Illegal Online Lending Systems	156
5.3.4 Study on MSMEs Adoption of P2P Lending	156
5.3.5 Developing ZMET Method for Further Research	156
