

Table of Contents

CHAPTER I	1
INTRODUCTION	1
A. Background	1
B. Problem Statement	5
C. Research Objectives	6
D. Expected Benefits of the Research	7
E. Originality	7
F. AI Declaration	11
CHAPTER II	19
LITERATURE REVIEW	19
A. Literature Review	19
1. Primary Health Care	19
2. Definition and Concept of Continuity of Care	20
3. Continuity of Care Domains and Implication	23
4. Health Care Delivery System	25
5. Recommended Practice intervention	29
6. Facilitators	34
7. Barriers	35
8. Process Redesign	36
9. Implementation Fidelity	38
10. Child Malnutrition Intervention	39
B. Theoretical Framework	42
C. Conceptual Framework	43
D. Research Question and Hypothesis	44
CHAPTER III	45
RESEARCH METHOD	45
A. Project Initiation and Significance	45
B. Research Context and Timeline	48
C. Participants and Co-Researcher	48
D. Participation and Role of Participant and Co-Researcher	49
E. Research Design	50
F. Proposed intervention content	52
G. Proposed Implementation strategy	55
H. Research Subjects	58
I. Identification of Research Variables	58
J. Operational Definitions of variables	60
K. Data Analysis Methods	64
L. Ethical consideration	64
M. Research Procedures	65

CHAPTER IV	68
RESULTS AND DISCUSSION	68
A. Results	68
1. Pre-implementation phase	68
1.1 Facilitators and Barriers	71
1.2 Areas for improvement	76
1.3 Developing RRS and redesigning ICHSS	77
2. Implementation phase of the redesigned ICHSS	81
3. Fidelity	83
3.1 Coverage	83
3.2 Duration of monitoring and frequency of Balita PRIMA utilisation	85
3.3 Details of SOP implementation	88
3.4 Client Experience	90
4. Implementers Experience in Redesign ICHSS	95
5. Barriers and Challenges	101
6. Moderators in the ICHSS Redesign Process and Implementation	102
7. Future redesigned ICHSS improvement	110
8. Post-implementation phase	110
8.1 Characteristics of client	111
8.2 Parental Caregiving Knowledge	112
8.3 Changes in Body Weight	113
B. Discussion	119
1. Trustworthiness	119
2. Participatory Redesign Process	120
4. Implementation Fidelity	122
4.3 Frequency of Balita PRIMA utilisation	124
7. Redesigned ICHSS effectiveness on Child Nutritional Status	128
8. Effectiveness on Parental Caregiving Knowledge	130
9. Strength and limitations	131
Chapter V	
Conclusion and Recommendations	132
A. Conclusion	132
B. Recommendations for Practice	133
C. Recommendations for Further Research	134
REFERENCE	135
