List of table vi
List of figure vi
List of appendix vi
Abstract viii
Intisari ix

Chapter I Introduction

1. Background of the study..... 1
2. Research question..... 4
3. Objective of the research..... 4
4. Benefit of the research..... 5

Chapter II References Study

1. Incidence of sharp injury..... 6
2. Wound characteristic..... 9
3. Effect of sharp injury..... 14

Chapter III Research Methodology

1. Research design..... 18
2. Location and duration of the research..... 18
3. Research population..... 18
4. Research schedule..... 19
5. Data analysis plan..... 19

Chapter IV Result and Discussion..... 21

Chapter V Conclusion and Recommendation..... 41

References..... 43

Appendix..... 46

LIST OF TABLE

TABLE 1: Research schedule..... 19

TABLE 2: Fisher exact test gender with age..... 26

TABLE 3: Number of sharp injury and cases that has been examined..... 27

TABLE 4: Fisher exact test gender with site of injury..... 31

TABLE 5: Fisher exact test number of injury with gender..... 33

TABLE 6: Fisher exact test gender and manner of death..... 38

TABLE 7: Frequency and percentage cause of death... 38

TABLE 8: Fisher exact test: gender and mechanism of death..... 40

LIST OF FIGURE

FIGURE 1: Percentage of sharp injury victim..... 22

FIGURE 2: Type of examination done to the victim... 23

FIGURE 3: Frequency for each age classification of the victim with gender..... 24

FIGURE 4: The frequency of sharp injury death by year..... 26

FIGURE 5: Percentage of sharp injury cases per total cases that has been examined..... 28

FIGURE 6: Number of victim at site of sharp injury..29

FIGURE 7: Frequency of site injury in male and female..... 29

FIGURE 8: Percentage of single or multiple injury in male and female..... 33
