<b>EXHIBITS, FIGURES, TABLES, AND PHOTOS</b>	v
<b>LIST OF ABBREVIATIONS</b>	vii
<b>ABSTRACT</b>	viii
<b>CHAPTER I            INTRODUCTION</b>	
A.                      Background	1
B.                      Relevance	2
C.                      Problem Statement	3
D.                      Research Objective	3
E.                      Research Impact	4
F.                      Originality	4
<b>CHAPTER II           LITERATURE REVIEW</b>	
A.                      Literature Review	7
B.                      Theoretical Framework	15
C.                      Conceptual Framework	21
D.                      Hypothesis and Research Questions	22
<b>CHAPTER III           RESEARCH METHODOLOGY</b>	
A.                      Research Type and Design	23
B.                      Research Setting and Time	26
C.                      Research Subject	27
D.                      Identification of Research Variable	28
E.                      Operational Definitions of Variables	30
F.                      Instrument and Data Collection Methods	33
G.                      Data Analysis	34
H.                      Research Ethics	35
I.                      Research Limitations	36
<b>CHAPTER IV           RESULTS AND DISCUSSION</b>	
A.                      Results	37
B.                      Discussion	64
<b>CHAPTER V           CONCLUSIONS AND RECOMMENDATIONS</b>	
A.                      Conclusion	70
B.                      Recommendations	70

<b>BIBLIOGRAPHY</b>	72
<b>APPENDICES</b>	77
A.	The Consent Form FGD
B.	The Consent Form Interview
C.	The Consent Form Survey
D.	Certificate of Consent
E.	Guide Questions for In-depth Interviews
F.	Guide Questions for the Focus Group Discussion
G.	Survey Questionnaire
H.	Ethical Approval at the Philippine National Ethics Committee
I.	Ethical Approval at the Medical and Health Research Committee-Faculty of Medicine, University of Gadjah Mada

## **LIST OF EXHIBITS, FIGURES, TABLES, AND PHOTOS**

	Page	
Table 1	Related studies on dengue vaccine acceptability	5
Table 2	The research variables	28
Table 3	The operational definitions of the variables	30
Table 4	Key themes for those who consented and those who did not consent for the dengue vaccination.	48
Table 5	The socio-demographic profile for the focus group discussion participants	49
Table 6	Mean number of errors as disaggregated as per education, CCT membership, employment status and income in their dengue, dengue vaccine and dengue vaccination knowledge	51
Table 7	Fastest and preferred form that is best understood in disseminating information on dengue vaccine.	52
Table 8	Most trusted information sources on the dengue vaccination	54
Table 9	Parental and guardians' information need with regards to the dengue vaccination	57
Table 10	Retrospective acceptability of the dengue vaccine post-vaccination suspension aligned to themes in phase 1	61

	Page	
Figure 1	Initial coverage of the dengue vaccination in the 3 pilot regions	2
Figure 2	Social diffusion of innovations by Rogers (1993)	16
Figure 3	Determinants of vaccine hesitancy (Larson et al., 2014)	18
Figure 4	The constructs of the Theoretical Framework of Acceptability (Sekhon et al., 2017)	20
Figure 5	The conceptual framework	21
Figure 6	The original procedural flow of the study	24
Figure 7	The modified procedural flow of the study to accommodate context change.	25
Figure 8	Determinants for consent for the dengue vaccination	40
Figure 9	Determinants for non-consent for the dengue vaccination	43
Figure 10	Communication methods for parents and guardians to improve vaccine acceptance	45
Figure 11	Survey questionnaire results on the (a) dengue and dengue prevention (b) dengue symptoms (c) dengue vaccination detail (d) dengue vaccine benefit and risk (e) post-vaccination information and (f) post-suspension information.	52
Figure 12	Disaggregation in terms of (a) education (b) CCT membership (c) income and (d) employment status on the fastest way to disseminate information.	55
Figure 13	Disaggregation in terms of (a) education (b) CCT membership (c) income and (d) employment status on the best form that is understood by parents and guardians.	56
Figure 14	Disaggregation in terms of (a) education (b) CCT membership (c) income and (d) employment status on the most trusted information source.	58
Figure 15	Disaggregation in terms of (a) education (b) CCT membership (c) income and (d) employment status on information need post-vaccine suspension.	59

## LIST OF ABBREVIATIONS

CALABARZON	Cavite, Laguna, Batangas, Rizal and Quezon Provinces
CCT	Conditional Cash Transfer
CYD-TDV	CYD-tetravalent dengue vaccine
Dept Ed	Department of Education
DOH	Department of Health
DILG	Department of Interior and Local Government
DSWD	Department of Social Welfare and Development
GDP	Gross Domestic Product
HPV	Human Papilloma Virus
NNV	Number Needed to Vaccinate
PhilHealth	Philippine Health Insurance Corporation
Php	Philippine Peso
SAGE	Strategic Advisory Group of Experts
SY	School Year
TMC	Technical and Management Committee
USD	United States Dollar
VPDI	Vaccine Preventable Disease Incidence
WHO	World Health Organization
WTP	Willingness-to-pay
