INTISARI

Praktek Kerja Lapangan (PKL) di Klinik Hewan Kayu Manis Yogyakarta dilaksanakan pada tanggal 20 November-3 Desember 2017. Tujuan penulisan tugas akhir ini untuk mengetahui perawatan pasien kucing rawat inap di Klinik Hewan Kayu Manis Yogyakarta periode 20 November-3 Desember 2017. Materi yang digunakan adalah data pasien kucing rawat inap di Klinik Hewan Kayu Manis Yogyakarta. Metode pengambilan data dilakukan dengan observasi, wawancara, dokumentasi, dan praktek langsung terhadap pasien kucing rawat inap. Hasil praktek langsung selama periode PKL didapat 10 ekor pasien kucing yang dirawat inap. Perawatan pasien rawat inap diawali dengan tahap pendaftaran pasien, anamnesa, penimbangan berat badan dan pengukuran suhu, pemeriksaan oleh dokter hewan, serta membawa pasien ke ruang rawat inap. Selama rawat inap dilakukan perawatan meliputi pemberian pakan, minum, obat, pengukuran suhu, dan pembersihan kandang. Perawatan pasien rawat inap di Klinik Hewan Kayu Manis Yogyakarta telah memenuhi syarat dan tatacara perawatan yang baik dan benar.
