

Table of Contents

Preface and Acknowledgments	2
Table of Contents.....	3
Abstract.....	5
Intisari.....	6
Chapter 1 Introduction.....	7
<i>1.1 Background.....</i>	<i>7</i>
1.1.1 Demographic Information of Indonesia.....	7
1.1.2 Environmental Issue in Indonesia	7
<i>1.2 Scientific and Social Relevance</i>	<i>9</i>
<i>1.3 Problem Statement and Research Question</i>	<i>10</i>
<i>1.4 Research Objective</i>	<i>10</i>
<i>1.5 Report Structure.....</i>	<i>11</i>
Chapter 2 Literature Study.....	12
2.1 Consumer Behaviour.....	12
2.2 Consumer Buying Process.....	13
2.3 Consumer Decision Making Process	14
2.3.1 Black Box Model	15
2.4 Theory of Planned Behaviour.....	16
2.5 Environmentally Friendly.....	17
2.6 Consumer Preferences	18
2.7 Eco-friendly Product Attribute	19
2.8 Hypothesis Formulation.....	19
2.8.1 Formulation of Hypothesis 1	19
2.9.2 Formulation of Hypothesis 2	20
Chapter 3 Research Methodology.....	22
3.1 Research Design	22
3.2 Data Collection.....	23
3.2.1 Exploratory Qualitative Research	23
3.2.2 Descriptive Quantitative Research	25

3.3 Measures and Data Analysis	26
Chapter 4 Result Analysis	29
4.1 In-depth Interview Result	29
4.2 Survey Result	32
4.3 Surveys' Item Reliability	34
4.4 Utility Analysis.....	34
4.4.1 Likelihood Ratio Tests	34
4.4.2 Marginal Analysis	35
4.4.3 Utility Profiler	38
4.5 Hypothesis Result.....	39
4.5.1 Hypothesis Result for Carrier Bag	39
4.5.2 Hypothesis Result for Water Bottle	43
4.6 Summary of Results	47
Chapter 5 Conclusion and Recommendation	49
5.1 Conclusion.....	49
5.2 Manager Implications	51
5.3 Limitations and Future Research Direction.....	51
References	53
Appendix 1 Qualitative Data Collection Method In depth-interview	59
Appendix 2 Quantitative Data Collection Method	94
Appendix 4 Results – JMP.....	107
Appendix 5 Results – SPSS.....	115
