| <b>HALAMAN PENGESAHAN</b> .....                                | ii  |
| <b>HALAMAN PERNYATAAN</b> .....                                | iii |
| <b>KATA PENGANTAR</b> .....                                    | iv  |
| <b>SARI</b> .....                                              | v   |
| <b>ABSTRACT</b> .....                                          | vi  |
| <b>DAFTAR ISI</b> .....                                        | vii |
| <b>DAFTAR GAMBAR</b> .....                                     | ix  |
| <b>DAFTAR TABEL</b> .....                                      | xi  |
| <b>DAFTAR ISTILAH</b> .....                                    | xii |
| <b>BAB I PENDAHULUAN</b> .....                                 | 1   |
| I.1. Latar Belakang.....                                       | 1   |
| I.2. Rumusan Masalah.....                                      | 3   |
| I.3. Maksud dan Tujuan Penelitian .....                        | 3   |
| I.4. Batasan Penelitian.....                                   | 4   |
| I.5. Lokasi Penelitian .....                                   | 5   |
| I.6. Peneliti Terdahulu.....                                   | 6   |
| I.7. Keaslian Penelitian .....                                 | 8   |
| <b>BAB II GEOLOGI REGIONAL CEKUNGAN SUMATERA SELATAN</b> ..... | 9   |
| II.1 Fisiografi Regional Daerah Penelitian .....               | 9   |
| II.2. Stratigrafi Daerah Penelitian .....                      | 9   |
| II.3. Struktur Geologi .....                                   | 13  |
| <b>BAB III LANDASAN TEORI</b> .....                            | 14  |
| III.1. Batubara .....                                          | 14  |
| III.2. Proses Pembentukan Batubara .....                       | 14  |
| III.3. Karakteristik Batubara .....                            | 17  |
| III.4. Sifat Kimia Batubara.....                               | 21  |
| III.4.1. Analisis Proksimat .....                              | 21  |
| III.4.2. Analisis Ultimat .....                                | 22  |
| III.5. Deskripsi Batubara.....                                 | 24  |
| III.5.1. Litotipe .....                                        | 24  |
| III.5.2. Maseral.....                                          | 25  |
| III.6. Log .....                                               | 32  |
| III.7. Gas Metana Batubara (GMB) .....                         | 35  |
| III.8. Penyimpanan GMB.....                                    | 36  |
| III.9. Kandungan GMB .....                                     | 38  |
| <b>BAB IV HIPOTESIS DAN METODOLOGI PENELITIAN</b> .....        | 42  |
| IV.1. Hipotesis .....                                          | 42  |
| IV.2. Ketersediaan Data .....                                  | 42  |
| IV.3. Metode dan Tahapan Penelitian.....                       | 43  |

|                                                                   |           |
|-------------------------------------------------------------------|-----------|
| IV.4. Jadwal Penelitian .....                                     | 47        |
| <b>BAB V DATA DAN ANALISIS.....</b>                               | <b>49</b> |
| V.1. Data Log .....                                               | 49        |
| V.2. Data Litotipe .....                                          | 51        |
| V.2. Data Sekunder .....                                          | 55        |
| V.4. Analisis Data Batuan Inti .....                              | 61        |
| <b>BAB VI PEMBAHASAN .....</b>                                    | <b>73</b> |
| VI.1. Karakteristik Batubara .....                                | 73        |
| VI.2. Kandungan Gas Metana Batubara .....                         | 75        |
| VI.3. Hubungan Karakteristik Batubara Terhadap Kandungan GMB..... | 77        |
| <b>BAB VII KESIMPULAN DAN SARAN .....</b>                         | <b>88</b> |
| VII.1. Kesimpulan.....                                            | 88        |
| VII.2. Saran .....                                                | 89        |
| <b>DAFTAR PUSTAKA .....</b>                                       | <b>90</b> |
| <b>LAMPIRAN.....</b>                                              | <b>93</b> |
