COVER	i
APPROVAL	ii
CONTENTS	iii
LIST OF FIGURES	iv
LIST OF TABLES	v
LIST OF ABBREVIATION	vi
ABSTRACT	1
CHAPTER I : INTRODUCTION	2
A. Background	3
B. Relevance	6
C. Problem of statement	7
D. Research objective	8
E. Research impact	8
F. Originality	8
CHAPTER II: LITERATURE REVIEW	9
A. Literature review	9
B. Theoretical framework	19
C. Conceptual framework	20
D. Research question	20
CHAPTER III: RESEARCH METHOD	22
A. Research type and design	22
B. Research setting and time	22
C. Research subjects (population, sample size, sampling technique)	23
D. Identification of research variables	24
E. Operational definition of variables	24
F. Data collection and instrument	24
G. Data analysis plan	25
H. Research ethics	25
I. Limitation of the study	25
CHAPTER IV: RESULT AND DISCUSSION	26
A. Result	26
B. Discussion	41
CHAPTER V: CONCLUSION AND RECOMMENDATION	50
A. Conclusion	50
B. Recommendation	50
BIBLIOGRAPHY	51
APPENDICES	54
Appendix 1. Checklist for document review (adapted from cheung et al., 2010)	55
Appendix 2. Interview guide (adapted from Leung et al., 2012).	57
Appendix 3. Informed consent	59
Appendix 4. Ethical clearance	77

LIST OF FIGURES

Page

Figure 1.	Thematic representation of One Health depicting benefits of multi-sectoral overlapping (World Bank, 2012).	2
Figure 2.	The schematic algorithm for the policy coordination before and during an outbreak (Kemenko-PMK, 2018).	5
Figure 3.	The schematic algorithm for the coordination and response before and during an outbreak (Kemenko-PMK, 2018).	6
Figure 4.	The window opportunities to prevent and control endemic and zoonotic EIDs (Belay et al., 2017).	12
Figure 5.	Regional distribution and connectivity of OH networks (Khan et al., 2018)	13
Figure 6.	The vertical and horizontal orientation in disease prevention and control (World Bank, 2012).	15
Figure 7.	Reasons for disease underreporting in the real world (World Bank, 2012).	17
Figure 8.	The conceptual framework of research project to inform OH policy (Coker et al., 2011b).	18
Figure 9.	The theoretical framework of implementation adoption (Moullin et al., 2015).	20
Figure 10.	The conceptual framework of OH Implementation adapted and modified from Moullin et al. (2015).	21
Figure 11.	The retrospective chronological events of cross-sectoral collaboration between public health and animal health sectors and actors (1972-2019).	27
Figure 12.	The trend of the 20 biggest public health problems in 2018 in Kulon Progo.	33
Figure 13.	The trend of leptospirosis from 2010-2018 in Kulon Progo.	33
Figure 14.	The trend of malaria from 2013-2018 in Kulon Progo based on the malaria species.	34
Figure 15.	The trend of malaria from 2013-2019 in Kulon Progo.	34
Figure 16.	Total number of humans bitten by rabies-transmitting animal (<i>gigitan hewan penular rabies</i> /GHPR) from 2014-2018.	35
Figure 17.	The trend of DHF from 1998-2019 in Kulon Progo.	35
Figure 18.	Total of NTDs reported from public health sector (2015-2019)	36
Figure 19.	Total of NTDs reported from animal health sector in 2018	36
Figure 20.	Total of NTDs reported from animal health sector in 2017	37
Figure 21.	Total of NTDs reported from animal health sector in 2015	37

LIST OF TABLES

	Page
Table 1. List of previous study regarding implementation of OH approach implementation	11
Table 2. Implementation benefits of zoonotic disease program activities using OH approach (Belay et al., 2017)	18
Table 3. Summarized of enablers and challenges from each sector	40
Table 4. Socio-demographic of respondents	41
Table 5. Zoonotic diseases control with OH cross-sectoral approach in Kulon Progo.	41
Table 6. The themes that emerged regarding OH adoption for public health practices among officers from 3 different sectors.	42

LIST OF ABBREVIATIONS

AHP	Animal Health Post
BPPT	<i>Balai Pengkajian dan Penerapan Teknologi</i> /Agency for the Assessment and Application of Technology
DAHO	District Animal Health Office
DEHO	District Environmental Health Office
DHF	Dengue Haemorrhagic Fever
DHO	District Health Office
FAO	Food and Agriculture Organization of The United Nations
FETP	Field Epidemiology Training Program
EID	Emerging Infectious Diseases
GIF	Generic Implementation Framework
GHPR	<i>Gigitan Hewan Penular Rabies/Humans Bitten by Animal-transmitting Rabies</i>
IHR	International Health Regulation
JEE	Joint External Evaluation
KEMENKO PMK	<i>Kementrian Koordinator Bidang Pembangunan Manusia dan Kebudayaan</i> / Coordinating Ministry for Human Development and Cultural Affairs
KNPZ	<i>Komite Nasional Penanganan Zoonosis</i> /National Zoonosis Control Committee
MHREC	Medical and Health Research Ethics Commiteee
MOH	Ministry of Health
MOA	Ministry of Agriculture
MOEF	Ministry of Environment and Forestry
OH	One Health
OHSEA	One Health Southeast Asia
OIE	<i>Office International des Epizooties</i> /World Health Organization for Animal Health
NGO	Non-governmental Organizations
NHP	Non-human Primate
NTD	Neglected Tropical Disease
NZD	Neglected Zoonotic Disease
PHC	Primary Health Center
PVS	Performance of Veterinary Services
SEA	Southeast Asia
SKN	Sistem Kesehatan Nasional/National Health System
STH	Soil-transmitted Helminthiasis
MERS-CoV	Middle East Respiratory Syndrome Coronavirus
SARS-CoV	Severe Acuter Respiratory Syndrome Coronavirus
SIZE	<i>Sistem Informasi Zoonosis dan Emerging Infectious Diseases</i> /Information System for Zoonosis and Emerging Infectious Diseases
VBD	Vector-borne Disease
WHO	World Health Organization
WPRO	World Health Organization Pacific Region
