## ACKNOWLEDGEMENT

I want to praise and be grateful to Allah S.W.T, who gives me the strength to finish this thesis entitled "Business Plan of iFound: An Internet of Thing Tracker Solution" to complete the study on Magister Management. This thesis is the final task for completing the Master of Management program at Gadjah Mada University. I realize my limited ability to research. This thesis can be said to be far from perfect. For this reason, I expect constructive criticism and suggestions to improve this thesis. Acknowledgments as much as possible the author conveys, especially to Mr. B.M Purwanto, Dr., M.B.A. as a supervisor who has provided input and instructions in working on this thesis. Besides that, family support is the motivation of researchers in completing this thesis, especially My wife Anesti Firda Amalia and My son Auffa Khaizuran Achmad. Thanks to all MM UGM students in the International 5 Jakarta class, who helped and strengthened each other from the beginning of the lecture to graduation, and fellow students of the Entrepreneurship concentration, hopefully someday everyone can become entrepreneurs who bring change and advance the nation's economy. May Allah S.W.T. reciprocate the kindness that the researcher has received and the hope of the researcher that this thesis is useful, especially for the researcher and everyone who reads it.
