

TABLE OF CONTENT

PAGE OF TITLE.....	ii
PAGE OF AGREEMENT	iii
DECLARATION OF AUTHENTICITY	iv
ACKNOWLEDGEMENT	v
LIST OF FIGURES	ix
LIST OF TABLES	x
ABSTRACT.....	xi
INTISARI	xii
CHAPTER I	
INTRODUCTION	1
1.1 Background	1
1.2 Expected from This Research	2
CHAPTER II	
LITERATURE REVIEW	4
2.1. Phosphorus important role of plant activity	4
2.2. Low Phosphorus Tolerance of Soybean.....	5
2.3. Metabolites Profiling of Soybean Root Exudate.....	6
CHAPTER III	
RESEARCH METHODOLOGY	8
3.1 Time and Location	8
3.2 Materials and Equipments.....	8
3.3 Research Design.....	8
3.4 Research Steps	8
3.4.1 Plant Material and Growth Condition	8
3.4.2 Shoot and Root P Collection	9
3.4.3 Root Exudates Collection	10
3.4.4 Preparation of Root Exudates for Metabolome Analysis	10
3.4.5 Metabolome Analysis.....	11
3.4.6 Statistical Analysis	12
CHAPTER IV	

RESULTS AND DISCUSSION	13
4.1 Results	13
4.1.1 Shoot and Root Fresh Weight, Dry Weight, P Content, and P Concentration of Soybean	13
4.1.2 Metabolites profiles of soybean root exudates	19
4.2 Discussion	49
4.2.1 Soybean Growth Affected by Different Phosphorus Treatment	49
4.2.2 Metabolites Profiles of Soybean Root Exudates	50
CHAPTER V	
CONCLUSION AND SUGGESTION	58
5.1. Conclusion.....	58
5.2. Suggestion	58
