

TABLE OF CONTENT

COVER	i
APPROVAL SHEET	ii
AUTHENTICITY STATEMENT.....	iii
PREFACE.....	iv
TABLE OF CONTENT	vi
INDEX TABLE.....	viii
INDEX FIGURE.....	ix
ABSTRACT.....	x
INTISARI.....	xi
CHAPTER I INTRODUCTION	
A. BACKGROUND	1
B. PROBLEM FORMULATION	2
C. RESEARCH OBJECTIVES.....	2
a. General Objectives.....	2
b. Specific Objectives	2
D. RESEARCH AUTHENTICITY	2
E. RESEARCH BENEFIT	7
CHAPTER II BIBLIOGRAPHICAL REVIEW	
A. LITERATURE REVIEW	8
a. Clinicopathological Definition.....	8
b. Soft Tissue Tumor Definition.....	9
c. Soft Tissue Tumor Etiology.....	9
d. Soft Tissue Tumor Epidemiology.....	9
e. Most Common Soft Tissue Tumor and Sarcoma.....	10
f. Soft Tissue Tumor Diagnosis	15
g. Soft Tissue Tumor Classification	19
h. Soft Tissue Tumor Grading and Staging	24
B. THEORETICAL CONCEPT.....	26
C. CONCEPTUAL FRAMEWORK.....	27
D. HYPOTHESIS.....	29

CHAPTER III MATERIAL AND METHODS

A. RESEARCH PLAN.....	30
B. POPULATION AND SUBJECT	30
C. SAMPLE SIZE	31
D. EQUIPMENTS	31
E. MATERIALS	31
F. VARIABLES	32
G. OPERATIONAL DEFINITION.....	32
H. RESULT ANALYSIS	33

CHAPTER IV RESULT AND DISCUSSION

A. RESULT	
A.1 Incidence Soft Tissue Tumor	35
A.2 Distribution of Soft Tissue Tumor based on gender.....	38
A.3 Distribution of Soft Tissue Tumor based on age... ..	40
A.4 Distribution of Soft Tissue Tumor based on predilection	43
A.5 Distribution of Soft Tissue Tumor based on clinical diagnosis.....	46
A.6 Distribution of Soft Tissue Tumor based on histopathological subtype....	48
A.7 Distribution of Soft Tissue Tumor based on malignancy	51
A.8 Correlation of gender and histopathological subtype	52
A.9 Correlation of gender and malignancy.....	54
A.10 Correlation of age and histopathological subtype.....	55
A.11 Correlation of age and malignancy	57
A.12 Correlation of predilection and histopathological subtype	58
A.13 Correlation of predilection and malignancy	61
A.14 Correlation of clinical diagnosis and histopathological subtype....	62
A.15 Correlation of histopathological subtype and malignancy....	63
B. DISCUSSION	65
B.1 Descriptive.....	65
B.2 Correlation.....	68
C. STUDY LIMITATION	72
CHAPTER V CONCLUSION AND SUGGESTION	74
BIBLIOGRAPHY.....	75

INDEX TABLE

Table 1. Previous studies.....	10
Table 2. WHO classification of Soft Tissue Tumor 2013.....	26
Table 3. Incidence distribution based on gender, age, predilection, malignancy, subtype.....	44
Table 4. Age range of patient year 2012-2015.....	49
Table 5. Year predilection site crosstabulation.....	52
Table 6. Distribution of subtype soft tissue tumor throughout the year.....	57
Table 7. Correlation of malignancy and age.....	64
Table 8. Predilection site and malignancy.....	69
Table 9. Histopathological subtype and malignancy.....	71

INDEX FIGURE
