GLOSSARY OF ABBREVIATIONS, ACRONYMS, and TERMS.....	xx
CHAPTER	
I. Introduction: Corporate Social Responsibility, Altruism and Social Sustainability.....	1
A. Introduction: The Study's Main Research Questions and Their Importance	1
B. The Challenge: How to Move from Philanthropy to Sustainable Development by Worker Volunteers.....	3
C. Strengthening Altruism May Lead to more Committed Volunteers.....	6

D.	Religious Symbol and Transcendence	7
E.	Exploring the Nexus between Corporate Volunteerism, Religious and Cultural Symbols, and Altruism.....	9
F.	Questions that Drive the Research.....	10
G.	Contextualizing the Study’s Importance from Weakness to Broad Scope.....	12
H.	What the Study Assumes.....	12
I.	Potential Weaknesses of the Study.....	13
J.	The Broad Scope Encompassed by the Study.....	14
II.	Corporate Community Partnerships for Corporate Social Responsibility.....	18
A.	Corporate Social Responsibility’s Three “Ideal Types”	18
B.	Philanthropic and Promotional Giving (PPG) is described as a CSR “Ideal Type”	21
1.	A General Description.....	21
2.	An Example of Philanthropic and Promotional Giving.....	22
C.	Creating Shared Value (CSV) is described as a CSR “Ideal Type”.....	25
1.	A General Description.....	25
2.	An Example of Creating Shared Value.....	26
D.	Corporate – Community Partnership (CCP) is described as a CSR “Ideal Type”..	27
1.	A General Description.....	27
2.	Authentic Connection Theory (ACT) is the Foundation for the Corporate – Community Partnership.....	27
3.	Authentic Connection Theory Gives Rise to Five Components.....	28
4.	The Strategic Collaboration Framework Provides a Necessarily Broad	

Technical Resource Base.....	30
5. The GLOCAL Capacity Building Process Action Steps bring CCP Components to Life.....	42
6. Case Study Examples of Corporate – Community Partnership from China and India.....	63
III. Correlations between Altruism and Corporate Social Responsibility in India and China..	
A. The Research Includes 112 Respondents, 2 Data Sets, and Travel to 6 Sites in 2 Continents.....	78
B. Is there a Difference in Altruism Levels Between China and India?	80
C. A Brief Illustration of Each of the 6 Glocal Project Sites.....	81
D. 2 Data Sets to Collect Unique Kinds of Information.....	83
E. Data Set 1 is an Altruism Questionnaire with 5 correlating Demographics (Religiosity is One of These).....	84
1. A Brief Descriptive Summary of Data Set One.....	87
2. Question 1 asks “is there a Difference in Altruism Levels?”.....	87
3. Homogeneity of Variance Test Necessary.....	89
4. Hypothesis A – Altruism and Time Spent.....	90
5. Hypothesis B – Religiosity and Altruism.....	91
6. Hypothesis H – Altruism and Time with Team and Community.....	93
F. Data Set 2 Provides Authentic Connection Theory Questions in Interview and Likert Scale Form.....	94
1. What was the data Gathering Protocol for Key Informant Interviews.....	95
2. Hypothesis C – Altruism and Empathy of Need.....	96

3.	Hypothesis D – Altruism and Grassroots Ownership.....	97
4.	Hypothesis E – Altruism and Indigenous Knowledge Strengths & Resources..	98
5.	Hypothesis F – Altruism and All Five Principles “Together”.....	99
6.	Hypothesis G – Altruism and Cultural and Religious “Identity”.....	100
G.	Analysis Summary of Null Hypotheses.....	100
H.	Chapter Summary.....	104
IV.	Authentic Connection Theory and Corporate Community Partnership.....	106
A.	Research Questions Provide a Frame and Canvas for Both Quantitative and Qualitative Illustrations.....	106
B.	A Surprising Relationship Between Religion and Altruism Variables.....	108
C.	Making Sense of Puzzling Relationships.....	110
D.	Lessons Learned from Experienced Volunteers.....	113
1.	Individual Grassroots Ownership.....	114
2.	Indigenous Knowledge, Strengths, and Resources.....	120
3.	Corporate and Community goes through a Teaming Process.....	126
4.	Meaningful Narratives Unique to their Culture.....	128
5.	Time and Shared Space be Given to Complete.....	132
E.	Altruism and Volunteerism – A Context for Glocal Modifications.....	137
F.	Glocal Process Modifications Suggested by the Research.....	142
V.	Sustainable Development that Activates a Cultural Ethos Change.....	147
A.	The Rising of the Spirit.....	147
B.	Variable Relationship Ranking.....	150
C.	Religion and Transcendence Symbols.....	151

D.	3 Ways to Understand the Religious Experience.....	157
E.	Authentic Connection Theory Principles – Parts of a Whole.....	160
F.	Authenticity at the Level of the Individual.....	162
	1. The Authentic Self and Semiotic Mediation.....	163
	2. The Authentic Self and the Idea of Recognition.....	164
	3. The Authentic Self and Cognitive Dissonance.....	166
G.	Authenticity at the Level of the Group.....	168
	1. Authentic Connection at the Group level and the Importance of Ritual.....	169
H.	Authenticity at the Regional and Global Level.....	172
	1. Authentic Connection Theory’s Oil and Water – Gemeinschaft and Gesellschaft.....	173
I.	A Theory that brings Greater Exponential Group Strength through Differing Perspectives.....	176
	1. Authenticity and the Promotive Equilibrium: Tension Theory (PETT).....	177
	2. Static Equilibrium – Materials.....	185
	3. Static Equilibrium – Tension that Results in a Greater Exponential System Strength.....	187
	4. Representation Theory’s Four Kinds of Bridges.....	191
	5. Promotive Equilibrium Maximizes Authenticity.....	191
VI.	Conclusions: Corporate Social Responsibility that is Socially Sustainable and Promotes Altruism.....	195
	A. An Improved Model for Corporate Social Responsibility.....	196
	B. Adding to the Literature and Producing a Framework for CSR Best Practices...	197

C. Correlation Does Not Equal Causation but Does Provide “Pointers”	198
D. Transcendence as Activation Energy or Catalyst for Authentic Connection.....	200
E. A Transcendent Element of Religion.....	200
1. Implications for Increasing Altruism and the Presences of a Transcendence	
Symbol Set.....	201
