

INTISARI

Penelitian ini bertujuan untuk menganalisis keberhasilan Badan Penasihat, Pembinaan dan Pelestarian Perkawinan (BP4) KUA Kecamatan Demak dalam mempertahankan keutuhan keluarga serta implikasinya terhadap ketahanan keluarga.

Metode penelitian menggunakan metode kualitatif dengan pendekatan analisis deskriptif. Interpretasi data dihasilkan melalui hasil observasi, wawancara dan dokumentasi terkait. Untuk menunjang penarikan kesimpulan diperkuat melalui pendekatan kepustakaan.

BP4 Kecamatan Demak telah berhasil dalam mewujudkan ketahanan keluarga. Keberhasilan tersebut terwujud dalam bentuk memberikan nasihat atau penyuluhan pra nikah kepada calon suami-isteri, mensosialisasikan hukum munakahat, memberikan bimbingan dan konseling terhadap pasangan/ keluarga yang sedang bermasalah. Adapun upaya yang dilakukan BP4 Kecamatan Demak dalam mempertahankan keutuhan keluarga seperti: sosialisasi dan konsultasi masalah perkawinan dan keluarga sakinah, program pembinaan Keluarga Sakinah, mewujudkan harmonisasi hubungan antara suami-istri, membina hubungan antara anggota keluarga dan lingkungan dan membina kehidupan beragama dalam keluarga. Namun demikian faktor-faktor penghambat seperti kurang memaksimalkan keterlibatan pihak-pihak yang lebih luas, kurangnya sosialisasi kepada masyarakat masih menjadi kendala yang cukup dominan dalam mengoptimalkan kinerja BP4 untuk mempertahankan keutuhan keluarga. Di samping terdapat beberapa faktor pendukung kinerja BP4 Kecamatan Demak seperti dukungan dari pemerintah, ruangan yang representatif, pemberian buku modul kepada catin secara gratis.

Kata Kunci: BP4, Pembinaan Keluarga, Keutuhan Keluarga, Ketahanan Keluarga

ABSTRACT

This study is aimed at analyzing the success of the Board of Advisory Development and Preservation of Marriage (BP4) KUA District of Demak in maintaining the integrity of the family and its implications for family resilience.

The research method used is qualitative method with descriptive analysis approach. Interpretation of the data is generated through the results of observations, interviews and related documentation. To support the inference is strengthened through a library approach.

BP4 of Demak Sub district has be able to embody family resilience. The success is realized in form of advising or counseling pre-marriage to the future brides and grooms, socializing marriage law in Islam, giving guidance and counseling to the couples/ family in conflict. There is an attempt performed by BP4 of Demak Sub district in maintaining the family integrity such as: socialization and consultation of marital problem and sakinah family, counseling program of Sakinah Family, realizing harmonization of relationship between husband and wife, developing relationship between family members and environment and developing religious life in a family. Nevertheless inhibiting factors such as lack of maximizing the involvement of those broader, lack of socialization to the community is still a constraint that is quite dominant in optimizing the performance of BP4 to maintain family unity. In addition there are several factors supporting performance BP4 District of Demak such support from the government, the rooms were representative, giving books to catin module for free.
