

Table of Contents

Abstract	i
Table of Contents	ii
List of Tables	iv
List of Figures	v
Chapter 1 : Introduction	1
1.1 Background	1
1.2 Motivation	1
1.3 Aims and Objectives	5
1.4 Structure of Thesis	5
Chapter 2 : Literature Review	7
2.1 Literature Review for Non-Tariff Barriers	7
2.2 Literature Review for Standard	12
2.2.1 Theoretical Analysis of Standard	12
2.2.2 Empirical Analysis of Standard	13
2.3 Literature Review for Gravity Analysis	14
2.3.1 Theoretical Foundation of Gravity Analysis	15
2.3.2 Empirical Analysis of Gravity Analysis	18
Chapter 3 : The Performance of Industry and Standard Regulation in Indonesia	20
3.1 Indonesia's Industry Performance	20
3.1.1 Indonesia's Toy Industry	22
3.1.2 Indonesia's Steel Industry	25
3.2 Indonesian National Standard (INS) Regulation	27
3.2.1 The Implementation of Mandatory Indonesian National Standard (INS) in Toy Products	29
3.2.2 The Implementation of Mandatory Indonesian National Standard (INS) in the Steel Industry	37
Chapter 4 : Empirical Study on Import of Indonesian Toy Industry: A Gravity Model Approach	41
4.1 Methodology	41
4.1.1 Model	41
4.1.2 Data	43
4.1.3 Expected Signs of Independent Variable Coefficients	44
4.2 Empirical Results of the Gravity Model of Indonesian Toy	

Imports	45
4.3 Conclusion	50
Chapter 5 : Empirical Study on the Import of Indonesia's Steel Industry : A Gravity Model Approach	52
5.1 Methodology	52
5.1.1 Model	52
5.1.2 Data	53
5.1.3 Expected Signs of Independent Variable Coefficients	54
5.2 Empirical Results of the Gravity Model of Indonesia's Imported Steel	55
5.3 Conclusion	59
Chapter 6 : Concluding Remarks	61
6.1 Summary of Findings	61
6.2 Policy Implications and Recommendations	64
6.3 Limitations and Further Study Suggestions	65
Acknowledgement.....	66
References	67
Appendix	73

List of Tables

Table 1.1	Ratified Indonesia FTA	2
Table 1.2	The Number of Population and Gross Domestic Product (GDP) Among the Member of ACFTA	3
Table 1.3	11 Similar Product Sectors with China and the Number of Standards that have been Imposed in Each Category	4
Table 3.1	Percentage Distribution of Gross Domestic Product at Current Market Prices by Industrial Origin, 2000-2014	20
Table 3.2	Indonesian Population by Age Group	24
Table 3.3	The Top Ten Largest Toy Exporters to Indonesia	24
Table 3.4	The 10 Largest Iron and Steel Exporting Countries in The World	26
Table 3.5	The 10 Largest Iron and Steel Exporters to Indonesia	27
Table 3.6	The Threshold of Maximum Level of Hazardous Substances in Toys	34
Table 3.7	The HS Number of Toys Industry Subject to Mandatory INS Policy	35
Table 3.8	Top 10 Exporting Countries in Toys Industry Subject to Mandatory INS Policy	37
Table 3.9	The HS Number of Steel Industry Subject to Mandatory INS Policy	38
Table 3.10	Top 10 Importer Countries in <i>Section</i> Steel Industry Subject to Mandatory INS Policy	39
Table 4.1	Variables and Sources of Mandatory INS Implemented in the Toy Industry	42
Table 4.2	Estimated results for gravity models of Indonesia's Toy Import	46
Table 4.3	Coefficient values of independent variables from Model 3	47
Table 4.4	The Indonesian National Standard Effects on Imported Toys for All, Developing, and Developed Countries	49
Table 5.1	Variables and Sources of Mandatory INS Implemented in the <i>Section</i> Steel Industry	53
Table 5.2	Estimated Results for Gravity Models of Indonesia's Imported Steel	55
Table 5.3	Coefficient values of independent variables from Model 3	56
Table 5.4	The Indonesian National Standard Effects on Imported Steel for All, Developing, and Developed Countries	57
