

I.	Abstract.....	i
II.	<i>Zusammenfassung</i>	ii
III.	Preface	iii
IV.	Acknowledgements	iv
V.	Table of Contents	v
VI.	List of Figures	ix
VII.	List of Tables	x
VIII.	List of Abbreviations.....	xi
1.	Introduction.....	13
1.1.	Topic Overview.....	13
1.2.	Problem Identification	13
1.3.	Purpose Statements	14
1.3.1.	Aim.....	14
1.3.2.	Significance	14
1.4.	Methodology.....	15
1.4.1.	Research Method.....	15
1.4.2.	Data Collection	15
1.5.	Research Constraints	15
1.6.	Dissertation Structure	16
2.	Theoretical Framework.....	18
2.1.	Environmental Economics.....	18
2.1.1.	Economy –Environment Interdependence.....	19
2.1.2.	The Market Process and Externalities	20
2.1.3.	Sustainability and Sustainable Development.....	22
2.1.4.	Pollution: Valuation, Cost, and Control	23
2.1.5.	Environmental Policy	24
2.1.5.1.	Extended Producer Responsibility / Product Stewardship.....	25

2.1.5.2.	Sustainable Material Management	27
2.2.	PET Bottles Industry	28
2.2.1.	Production	28
2.2.2.	Recycling	29
2.3.	Deposit-Refund System	30
2.3.1.	Models of Production, Consumption, Waste, and Recycling	30
2.3.2.	Economic Rationale and Cost-Benefit Perspectives	31
2.4.	Green Consumer Behavior	31
2.5.	Theory of Investment and Pollution Control	33
3.	Deposit-Refund System for PET Bottles in Germany	35
3.1.	Country Overview	35
3.2.	Waste Management Law and Packaging Ordinance Framework in Germany	35
3.3.	PET Industry in Germany: Beverage Industry, Consumption, and Recycling	36
3.4.	<i>Deutsche Pfandsystem</i> and System Breakdown	38
3.4.1.	History	38
3.4.2.	Organization and Tasks	39
3.4.3.	Systems	40
3.4.3.1.	Drinks Manufacturers and Importers View Point in the System	42
3.4.3.2.	Retailers and Other Final Distributors View Point in the System	43
3.4.3.3.	User DPG Ink	44
3.4.3.4.	Service Provider	45
3.4.3.5.	Reverse Vending Machine	46
3.4.3.6.	Counting Centre Operator	46
3.5.	Investment, Operating Costs, and Return of <i>Deutsche Pfandsystem</i> in Germany	47
3.6.	Environmental Behavior of Consumer in Germany	48
3.7.	Market, Environmental, Economic, and Social Impact Assessment of DPG Implementation	49
3.7.1.	Market Impacts	49
3.7.2.	Environmental Impacts	49

3.7.3.	Economic Impacts	50
3.7.4.	Social Impact	51
3.8.	Challenges	51
4.	Condition in Indonesia	53
4.1.	Country Overview	53
4.2.	Waste Management in Indonesia	53
4.2.1.	Regulatory Instruments.....	53
4.2.2.	Waste Treatment Standard and Practices in Indonesia	54
4.3.	PET Industry in Indonesia: Beverage Industry, Consumption, and Recycling	56
4.4.	Environmental Behavior of Consumer in Indonesia	57
4.5.	Waste Disposal.....	57
4.5.1.	Problem of Littering	57
4.5.2.	A Pilot Project: Reverse Vending Machine in Bali	58
4.6.	Assessment of Impacts from Current Waste Management in Indonesia	59
4.6.1.	Environmental Impacts.....	59
4.6.2.	Economic Impacts	60
4.6.3.	Social Impacts	61
5.	Discussion	62
5.1.	Comparative Analysis: <i>Bundesrepublik Deustchland</i> and <i>Republik Indonesia</i>	62
5.2.	Status Quo Analysis and Future Perspective of Indonesia: Qualitative Evaluation.....	64
5.2.1.	Environmental Perspective	64
5.2.2.	Economic Perspective	66
5.2.3.	Social Perspective	66
5.2.4.	Thesis of Status Quo Analysis	67
5.3.	Economic Rationale Analysis for Deposit-Refund Scheme in Indonesia.....	67
5.4.	Implementation Scheme in Indonesia.....	69
5.4.1.	Potential Directive Policies.....	70
5.4.2.	Implementation Scheme: System Adjustments.....	71
5.4.2.1.	Establishment of Producer Responsibility Organization	71

5.4.2.2. Manufacturing Industry	71
5.4.2.3. Trade Sector: Retailers and Other Final Distributors	72
5.4.2.4. User DPG Ink and Marking	72
5.4.2.5. Reverse Vending Machine and Counting Centers in Indonesia	73
5.4.2.6. Recycling Industry	73
5.4.3. Price Signals and Deposit Value	74
5.5. Qualitative Cost-Benefit Analysis and Stakeholders Matrix	74
5.6. Challenges	79
6. Conclusion	80
6.1. Outlook	80
6.2. Remarks	81
Bibliography	82
Declaration	96
