Contents

1. INTRODUCTION	5
1.1. Background	5
1.1.1. Topic 1: The effect of the rainfall on incomes	50
1.1.2. Topic 2: The effect of rainfall on the amount of savings	50
1.1.3. Topic 3: The effect of the rainfall on precautionary savings	51
1.2. Problems	7
1.3. Objectives	7
1.3.1. Topic 1: The effect of the rainfall on incomes	50
1.3.2. Topic 2: The effect of rainfall on the amount of savings	50
1.3.3. Topic 3: The effect of the rainfall on precautionary savings	51
1.4. Benefits	9
1.5. Authenticity	9
2. LITERATURE REVIEW AND THEORETICAL FRAMEWORK	10
2.1. Review of Literature	10
2.1.1. Topic 1: The effect of the rainfall on incomes	50
2.1.2. Topic 2: The effect of rainfall on the amount of savings	50
2.1.3. Topic 3: The effect of the rainfall on precautionary savings	51
2.2. Theoretical Framework	12
2.2.1. Topic 1: The effect of the rainfall on incomes	50
2.2.2. Topic 2: The effect of rainfall on the amount of savings	50
2.2.3. Topic 3: The effect of the rainfall on precautionary savings	51

2.3. Hypothesis	16
2.3.1. Topic 1: The effect of the rainfall on incomes	50
2.3.2. Topic 2: The effect of rainfall on the amount of savings	50
2.3.3. Topic 3: The effect of the rainfall on precautionary savings	51
3. RESEARCH METHODS	19
3.1. Materials	19
3.1.1. Topic 1: The effect of the rainfall on incomes	50
3.2. Definition and Measuring their Variables	19
3.2.1. Rupiah	19
3.2.2. Amount of rainfall	19
3.2.3. Instability of rainfall within a year	20
3.3. Procedure Research	20
3.4. Data Analysis	21
3.4.1. Topic 1: The effect of the rainfall on incomes	50
3.4.2. Topic 2: The effect of rainfall on the amount of savings	50
3.4.3. Topic 3: The effect of the rainfall on precautionary savings	51
4. RESULTS AND DISCUSSION	29
4.1. Results	29
4.1.1. Sample description	29
4.1.2. Topic 1: The effect of the rainfall on incomes	50
4.1.3. Topic 2: The effect of rainfall on the amount of savings	50
4.1.4. Topic 3: The effect of the rainfall on precautionary savings	51
4.2. Discussion	44
4.2.1. Topic 1: The effect of the rainfall on incomes	50
4.2.2. Topic 2: The effect of rainfall on the amount of savings	50
4.2.3. Topic 3: The effect of the rainfall on precautionary savings	51
5. CONCLUSIONS AND SUGGESTIONS	50
5.1. Conclusions	50
5.1.1. Topic 1: The effect of the rainfall on incomes	50
5.1.2. Topic 2: The effect of rainfall on the amount of savings	50
5.1.3. Topic 3: The effect of the rainfall on precautionary savings	51
5.2. Suggestions	51
6. LIST OF REFERENCES	53
7. APPENDIX	55

7.1. Variables	55
--------------------------	----

Figures

1. The structure of this thesis.	8
2. The change of the incomes by sources, years.	30
3. The change of the amount of saving by is_farmer, years.	30
4. The change of the farm capitals by kind, years.	31
5. The change of the number of household members by kind, years.	31
6. The histogram of the age of the household head in 2007.	32
7. The change of the irrigation equipment availability.	32
8. The histogram of the amount of monthly rainfall.	33
9. The histogram of the rainfall instability for each year.	33
10. The histogram of the rainfall instability within a year.	34
11. The contribution from the amount of monthly rainfall.	36

Tables

1. Result of income determinats of farm business	35
2. Result of income determinats of their own business	37
3. Result of income determinats of salary	39
4. Result of saving determinats	41
5. The coefficients of incomes on amount of saving.	43
6. Result of precautionary saving determinants	45
7. Variables, part 1.	56
8. Variables, part 2.	57
