TABLE OF CONTENTS	vi
LIST OF FIGURES	ix
LIST OF TABLES	xi
ABSTRACT	xii
CHAPTER I. INTRODUCTION	1
CHAPTER II. LITERATURE REVIEW	13
2.1. Transportation, mobility and sustainable development	13
2.2. Customer perception and expectation of public transport	17
2.3. Switching private user to public transport	19
2.4. Modes choice for university student	21
2.5. General review	23
CHAPTER III. THEORETICAL FRAMEWORK	25
3.1. Characteristic of service and service marketing	26

3.2. Public transport service	29
3.3. Value creation in public transit.....	31
3.4. Perceived value based from experiences	33
3.5. Service quality and customer satisfaction.....	38
3.6. Expectation	41
3.7. Modes choice based from customer satisfaction	44
3.8. Importance-Performance Analysis (IPA)	46
3.9. Kano model analysis.....	48
CHAPTER IV. RESEARCH METHOD.....	53
4.1. Research design	53
4.2. Research method.....	54
4.3. Data source	56
4.4. Data collection planning	56
4.5. Data sampling	57
4.6. Questionnaire	59
4.7. Type of data	62
4.8. Data transformation	65
4.9. Validity and reliability	67
4.10. Multivariate analysis (Factorial Analysis).....	69

4.11.Importance-Performance Analysis	76
4.12.Kano model analysis.....	78
4.13.Summary.....	82
CHAPTER V. EMPIRICAL STUDY	83
5.1. Transportation in Pekanbaru city.....	83
5.2. Islamic University of Riau.....	86
5.3. Trans Metro Pekanbaru	89
CHAPTER VI. RESULT AND DISCUSSION	93
6.1. Preface study result.....	94
6.2. General description.....	95
6.3. Socio-demographic of data sample.....	96
6.4. Modes choice for student commuter	99
6.5. Promoting Trans Metro to student group.....	101
6.6. Student perception for Trans Metro (Passive commuter).....	102
6.7. Student perception for Trans Metro (Active commuter)	104
6.8. Importance-Performance Analysis (IPA)	110
6.9. Student expectation for Trans Metro Pekanbaru	112
6.10.Improving performance based on perception and expectation	116
6.11.Strategies for improvement of service quality.....	119

CHAPTER VII. CONCLUSION AND SUGGESTION	125
7.1. Conclusion	125
7.2. Research limitation	127
7.3. Further research	127
