

## CONTENTS

Title of the Thesis .....	i
Authorization .....	ii
Approval by The Examining Committee .....	iv
Author's Declaration of Originality .....	v
Acknowledgements .....	vi
Contents .....	viii
List of Tables .....	ix
List of Figures .....	x
List of Appendixes .....	xi
Abstract .....	xiii
Chapter 1 Introduction .....	1
1.1. Background .....	1
1.2. Research Originality .....	4
1.3. Research Objectives and Benefits .....	4
1.4. Outline of the Paper .....	4
Chapter 2 Literature Review .....	5
2.1. Theoretical Framework .....	5
2.1.1. Accounting for the Paddy Production Gap .....	6
2.1.2. Accounting for the Paddy Productivity Gap .....	8
2.2. National Paddy Production in Indonesia .....	9
2.3. Regency and Municipality Expenditure in Post Decentralized Indonesia .....	12
2.4. Composition of Agricultural Expenditure at the Regency and Municipality Levels in Post Decentralized Indonesia .....	14
2.5. Agricultural Expenditure and Paddy Production .....	17
Chapter 3 Methodology and Data .....	20
3.1. Methodology .....	20
3.2. Data .....	21
3.2.1. The Dependent Variable .....	22
3.2.2. The Independent Variable .....	23
Chapter 4 Results and Discussions .....	25
4.1. Results .....	25
4.2. Discussion .....	27
4.2.1. Paddy Production in Indonesia .....	27
4.2.2. Accounting for the Paddy Production Gap .....	32
4.2.3. Accounting for the Paddy Productivity Gap .....	39
4.2.4. Labor and Land (ILQ) Productivity .....	45
Chapter 5 Conclusions and Policy Implications .....	47
5.1. Conclusions .....	47
5.2. Policy Implications .....	48
References .....	53
Appendix .....	58

## LIST OF TABLES

Table 2.1	Target for Paddy Production and Target Accomplishment, 2009-2013 .....	10
Table 2.2	Percentage Actual of Regency and Municipality, 2009-2013 ...	15
Table 3.1	List of Variables .....	22
Table 4.1	Estimation of the Coefficients of the Aggregate Agricultural Production Function at the Regency and Municipality Levels in Indonesia, 2009-2013 .....	26
Table 4.2	Regression Coefficients (Elasticities) .....	27
Table 4.3	Comparisons of Regency Paddy Production and Inputs and Level of RAE: Indonesia, Java, and Non-Java .....	33
Table 4.4	Contributions of Various Factors to Paddy Production in percentages .....	34
Table 4.5	Comparisons of Regency Paddy Production and Inputs per Labor and the RAE Level: Indonesia, Java, and Non-Java .....	40
Table 4.6	Contributions of Various Factors to Paddy Productivity in terms of Labor (Y/L) Difference in percentages .....	41
Table 4.7	Comparisons of Regency Paddy Production and Inputs per ILQ and Level of RAE: Indonesia, Java, and Non-Java .....	43
Table 4.8	Contributions of Various Factors to the Land (Irrigated Land Equivalent) Productivity (Y/ILQ) Difference in Percentages ...	44
Table 5.1	Condition of Irrigation System in Indonesia .....	52

## LIST OF FIGURES

Figure 2.1	Paddy Production Trends in Indonesia, 2001-2015 .....	12
Figure 2.2	Composition of Agricultural Expenditure at the Regency and Municipality Levels in percentages .....	16
Figure 4.1	Comparison of Paddy Production per Farmer and per Irrigated Land Equivalent (ILQ) at the Regency and Municipality Levels in Indonesia, 2009-2013 .....	46

## LIST OF APPENDIXES

Table A1	Land Utilization Type in Agriculture in Indonesia .....	58
Table A2	The Development of Irrigation Line, 2009-2014 in Indonesia in Hectares .....	59
Table A3	The Development of New Irrigation Line, 2009-2014 in Indonesia in Hectares .....	60
Table A4	Matrix of Simple Correlation Coefficients Among Variables (in Natural Logarithms) Used For The Estimation of Production Function In Indonesia (Stata Results) .....	61
Table A5	Matrix of Simple Correlation Coefficients Among Variables (in Natural Logarithms) Used For The Estimation of Production Function in Java Island (Stata Results) .....	61
Table A6	Matrix of Simple Correlation Coefficients Among Variables (in Natural Logarithms) Used For The Estimation of Production Function in Non-Java Island (Stata Results) .....	61
Figure A1	Graphs of Matrix of Simple Correlation Coefficients Among Variables (in Natural Logarithms) Used For The Estimation of Production Function in Indonesia (Stata Results) .....	62
Figure A2	Graphs for Matrix of Simple Correlation Coefficients Among Variables (in Natural Logarithms) Used for The Estimation of Production Function in Java Island (Stata Results) .....	62
Figure A3	Graphs of Matrix of Simple Correlation Coefficients Among Variables (in Natural Logarithms) Used for The Estimation of Production Function in Non-Java Island (Stata Results) ...	62
Figure A4	Ratio of Agricultural Expenditure to Total Expenditure (RAE) by Regency in Nanggroe Aceh Darussalam Province ..	63
Figure A5	Ratio of Agricultural Expenditure to Total Expenditure (RAE) by Regency in North Sumatra Province .....	63
Figure A6	Ratio of Agricultural Expenditure to Total Expenditure by Regency in West Sumatra Province .....	64
Figure A7	Ratio of Agricultural Expenditure to Total Expenditure by Regency in Jambi Province .....	64
Figure A8	Ratio of Agricultural Expenditure to Total Expenditure by Regency in South Sumatra Province .....	65
Figure A9	Ratio of Agricultural Expenditure to Total Expenditure by Regency in Lampung Province .....	65
Figure A10	Ratio of Agricultural Expenditure to Total Expenditure by Regency in West Java Province .....	66
Figure A11	Ratio of Agricultural Expenditure to Total Expenditure by Regency in Central Java Province .....	66
Figure A12	Ratio of Agricultural Expenditure to Total Expenditure by Regency in Special Region of Yogyakarta Province .....	67

Figure A13	Ratio of Agricultural Expenditure to Total Expenditure by Regency in East Java Province .....	67
Figure A14	Ratio of Agricultural Expenditure to Total Expenditure by Regency in Banten Province .....	68
Figure A15	Ratio of agricultural expenditure to total expenditure by Regency in Bali Province .....	68
Figure A16	Ratio of Agricultural Expenditure to Total Expenditure by Regency in West Nusa Tenggara Province .....	69
Figure A17	Ratio of Agricultural Expenditure to Total Expenditure by Regency in East Nusa Tenggara Province .....	69
Figure A18	Ratio of Agricultural Expenditure to Total Expenditure by Regency in West Kalimantan Province .....	70
Figure A19	Ratio of Agricultural Expenditure to Total Expenditure by Regency in Central Kalimantan Province .....	70
Figure A20	Ratio of Agricultural Expenditure to Total Expenditure by Regency in South Kalimantan Province .....	71
Figure A21	Ratio of Agricultural Expenditure to Total Expenditure by Regency in South Sulawesi Province .....	71
Figure A22	Ratio of Agricultural Expenditure to Total Expenditure by Regency in Central Sulawesi Province .....	72
