

LIST OF TABLES

	Page
Table 1. Plasma/serum protein binding of fluoroquinolones in animals (%) bound	9
Table 2. Concentration of albumin in healthy dogs	15
Table 3. In-vitro albumin-enrofloxacin binding	16
Table 4. Concentration of albumin, enrofloxacin level and binding of albumin-enrofloxacin in dogs	17

LIST OF APPENDIX

	Page
Appendix 1. Taking blood sample from sick dogs	23
Appendix 2. Centrifuge the blood sample collected in the sterile tubes for 5 minutes, 2500 G	23
Appendix 3. Results after the blood sample was centrifuged	24
Appendix 4. Taking out plasma on the top of the blood sample (super- natant) and put into the eppendorf	24
Appendix 5. The plasma collected in the eppendorf	25
Appendix 6. The plasma that were collected and placed in the freezer for further analysis	25
